Wall Street Media Co, Inc.
Notes to Condensed Unaudited Financial Statements
December 31, 2019

Note 1 - Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Wall Street Media Co, Inc. was organized as Mycatalogsonline.com, Inc. in the state of Nevada on January 6, 2009. In April 2009, the Company changed its name to My Catalogs Online, Inc. In November 2012, the Company changed its name to Bright Mountain Holdings, Inc., and in August 2013 changed its name to Wall Street Media Co, Inc.

The Company provides consulting and management services to entities looking to merge with or acquire or otherwise consult with third party entities. These services are currently provided to Landmark-Pegasus, Inc., a related party (“Landmark-Pegasus”) or its clients. Landmark-Pegasus is wholly owned by John Moroney, the Company’s majority shareholder. Mr. Moroney also acts as Landmark-Pegasus’ President.

Basis of Presentation

The interim unaudited condensed financial statements included herein have been prepared by the Company, pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). In the opinion of the Company’s management, all adjustments (consisting of normal recurring adjustments and reclassifications and non-recurring adjustments) necessary to present fairly the results of operations and cash flows for the three months ended December 31, 2019, and the financial position as of December 31, 2019, have been made. The results of operations for such interim periods are not necessarily indicative of the operating results to be expected for the full year. Certain information and disclosures normally included in the notes to the annual financial statements have been condensed or omitted from these interim condensed financial statements. Accordingly, these unaudited interim condensed financial statements should be read in conjunction with the Audited Financial Statements and Notes thereto as of and for the year ended September 30, 2019 included in our Report on Form 10-K as filed with the SEC on November 1, 2019. The September 30, 2019 balance sheet is derived from those financial statements.

Use of Estimates

The financial statements are prepared in accordance with Accounting Principles Generally Accepted in the United States (“GAAP”). These accounting principles require the Company to make certain estimates, judgments and assumptions. The Company believes that the estimates, judgments and assumptions upon which it relies are reasonable based upon information available at the time that these estimates, judgments and assumptions are made. These estimates, judgments and assumptions can affect the reported amounts of assets and liabilities as of the date of the financial statements as well as the reported amounts of revenues and expenses during the periods presented. The financial statements would be affected to the extent there are material differences between these estimates and actual results. In many cases, the accounting treatment of a particular transaction is specifically dictated by GAAP and does not require management’s judgment in its application. There are also areas in which management’s judgment in selecting any available alternative would not produce a materially different result. Significant estimates include the valuation allowance on deferred tax assets.

Cash and Cash Equivalents

The Company considers financial instruments with original maturities of three months or less to be cash equivalents. The Company had no cash equivalents at December 31, 2019 or September 30, 2019.

Revenue Recognition

As of October 1, 2018, the Company adopted Revenue from Contracts with Customers (Topic 606) (“ASC 606”). The new guidance sets forth a new five-step revenue recognition model which replaces the prior revenue recognition guidance in its entirety and is intended to eliminate numerous industry-specific pieces of revenue recognition guidance that have historically existed in U.S. GAAP. The underlying principle of the new standard is that a business or other organization will recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects what it expects to receive in exchange for the goods or services. The Company adopted the standard using the modified retrospective method and the adoption did not have a material impact on its financial statements.

The Company provides consulting service currently to a single client which represents the Company’s only revenue source. The Company recognizes revenue when the performance obligation (i.e. consulting services) with the customers are satisfied and when the service is provided. Revenue is measured as the amount of consideration the Company expects to receive in exchange for providing the service.

Basic and Diluted Net Income per Common Share

Basic net income per share is computed by dividing the net income by the weighted average number of common shares outstanding during the period. Diluted net income per common share is computed by dividing the net income by the weighted average number of common shares outstanding for the period and, if dilutive, potential common shares outstanding during the period. Potentially dilutive securities consist of the incremental common shares issuable upon exercise of common stock equivalents such as stock options and convertible debt instruments. Potentially dilutive securities are excluded from the computation if their effect is anti-dilutive. There were no potentially dilutive securities outstanding at December 31, 2019 or 2018.

Recent Accounting Pronouncement

In February 2016, the FASB issued ASU 2016-02, “Leases” which, for operating leases, requires a lessee to recognize a right-of-use asset and a lease liability, initially measured at the present value of the lease payments, in its balance sheet. The standard also requires a lessee to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term, on a generally straight-line basis. The ASU is effective for public companies for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. This ASU is effective for the Company on October 1, 2019. The Company has evaluated the impact of the adoption of ASU 2016-02 and does not currently believe that it will have a material impact on its financial statements and disclosures since it does not have any leases which meet the criteria.

Note 2 - Going Concern

As reflected in the accompanying financial statements, the Company sustained a net income of approximately \$15,000 for the three month period ended December 31, 2019 and has working capital and stockholder deficits of approximately \$80,000 and \$79,000 at December 31, 2019. The foregoing raises substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recovery of the recorded assets or the classification of the liabilities that might be necessary should the Company be unable to implement its business plan and continue as a going concern. In addition, the Company is actively seeking investor funding.

Note 3 – Related Party Transactions

During the three months ended December 31, 2019 and 2018, \$28,500 and \$20,000, respectively, of the Company's revenue was derived from consulting services provided to a related party. As of December 31, 2019, \$7,000 of those services remain unpaid by the related party and have been presented as accounts receivable – related party on the accompanying balance sheet.

The Company has notes payable with Landmark-Pegasus, an entity wholly owned by the Company's majority shareholder, that accrue interest at an annual rate of 4%,and are payable on demand. The balance on the notes is \$90,000 as of December 31, 2019 and September 30, 2019. As of December 31, 2019 and September 30, 2019 total interest accrued on the notes payable was \$4,656 and \$13,736.

Note 4 – Commitments and Contingencies

From time to time, the company may be involved in asserted claims arising out of our operations in the normal course of business. As of December 31, 2019, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the Company's results of operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

There are statements in this quarterly report on Form 10-Q that are not historical facts. These "forward-looking statements" can be identified by use of terminology such as "believe", "hope", "may", "anticipate", "should", "intend", "plan", "will", "expect", "estimate", "project", "positioned", "strategy", and similar expressions. Although management believes that the assumptions underlying the forward-looking statements included in this quarterly Report are reasonable, they do not guarantee our future performance, and are subject to certain risks, uncertainties and assumptions that are difficult to predict; therefore, actual results and outcomes may differ materially from what is expressed or forecasted in any such forward-looking statements.

OVERVIEW

Wall Street Media Co, Inc. (the "Company" "we" "us" "our") was organized as Mycatalogsonline.com, Inc. in the state of Nevada on January 6, 2009. In April 2009, the Company changed its name to My Catalogs Online, Inc. In November 2012, the Company changed its name to Bright Mountain Holdings, Inc., and in August 2013 changed its name to Wall Street Media Co, Inc.

The Company provides consulting and management services to entities looking to merge with or acquire or otherwise consult with third party entities. These services are currently provided to Landmark-Pegasus, Inc., a related party ("Landmark-Pegasus") or its clients. Landmark-Pegasus is wholly owned by John Moroney, the Company's majority shareholder. Mr. Moroney also acts as Landmark-Pegasus' President.

CRITICAL ACCOUNTING POLICIES

In response to the Securities and Exchange Commission's (the "SEC") financial reporting release, FR-60, Cautionary Advice Regarding Disclosure About Critical Accounting Policies, the Company has selected its more subjective accounting estimation processes for purposes of explaining the methodology used in calculating the estimate, in addition to the inherent uncertainties pertaining to the estimate and the possible effects on the Company's financial condition. These accounting estimates are discussed below. These estimates involve certain assumptions that if incorrect could create a material adverse impact on the Company's results of operations and financial condition.

Revenue Recognition

As of October 1, 2018, the Company adopted Revenue from Contracts with Customers (Topic 606) ("ASC 606"). The new guidance sets forth a new five-step revenue recognition model which replaces the prior revenue recognition guidance in its entirety and is intended to eliminate numerous industry-specific pieces of revenue recognition guidance that have historically existed in U.S. GAAP. The underlying principle of the new standard is that a business or other organization will recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects what it expects to receive in exchange for the goods or services. The Company adopted the standard using the modified retrospective method and the adoption did not have a material impact on its financial statements.

The Company provides consulting service currently to a single client and represents the Company's only revenue source. The Company recognizes revenue when the performance obligation (i.e. consulting services) with the customer are satisfied and when the service is provided. Revenue is measured as the amount of consideration the Company expects to receive in exchange for providing the service.

RESULTS OF OPERATIONS

FOR THE THREE MONTHS ENDED DECEMBER 31, 2019 COMPARED TO THE THREE MONTHS ENDED DECEMBER 31, 2018

Revenue: The Company's revenues increased approximately 43% to \$28,500 during the three months ended December 31, 2019 as compared to \$20,000 for the three months ended December 31, 2018 due to an increase in consulting services provided.

Operating Expenses: The Company's operating expenses decreased by approximately 5% to \$12,311 during the three months ended December 31, 2019 as compared to \$12,998 for the three months ended December 31, 2018 primarily due to a decrease in professional fees.

Income from operations: The Company's income from operations increased approximately 131% to \$16,189 during the three months ended December 31, 2019 from \$7,002 for the three months ended December 31, 2018. The primary reason for this was due to an increase in consulting services provided.

LIQUIDITY AND CAPITAL RESOURCES

Net cash used in operating activities was approximately \$7,311 for the three months ended December 31, 2019 as compared to net cash provided by operating activities of approximately \$14,121 for the three months ended December 31, 2018. The decrease was primarily due to the payment of accrued interest payable.

As of December 31, 2019, the Company had approximately \$1,100 in cash. The Company has sustained losses from operations, and such losses are expected to continue. The Company's auditors have included a "Going Concern Qualification" in their report for the year ended September 30, 2019. In addition, the Company has a working capital deficit at December 31, 2019 of \$80,092 with minimal revenues. The foregoing raises substantial doubt about the Company's ability to continue as a going concern. The Company is actively seeking to combine or merge with another operating company. There can be no assurance that the level of funding needed will be acquired or that the Company will generate sufficient revenues to sustain operations for the next twelve months. The unaudited condensed financial statements do not include any adjustments that might result from the outcome of this uncertainty.

RELATED PERSON TRANSACTIONS

100% of the Company's revenues for the quarters ended December 31, 2019 and 2018 were generated by an entity wholly owned by the Company's majority shareholder or the entity's clients.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In February 2016, the FASB issued ASU 2016-02, "Leases" which, for operating leases, requires a lessee to recognize a right-of-use asset and a lease liability, initially measured at the present value of the lease payments, in its balance sheet. The standard also requires a lessee to recognize a single lease cost, calculated so that the cost of the lease is allocated over the lease term, on a generally straight-line basis. The ASU is effective for public companies for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. The Company has evaluated the impact of the adoption of ASU 2016-02 and does not currently believe that it will have a material impact on its financial statements and disclosures.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources, that is material to investors.

Item 3. Quantitative and Qualitative Disclosure About Market Risk.

Not applicable to smaller reporting companies.

Item 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures: An evaluation was conducted by the registrant's principal executive officer and principal financial officer of the effectiveness of the design and operation of the registrant's disclosure controls and procedures as of December 31, 2019. Based on that evaluation, the principal executive officer and principal financial officer concluded that the registrant's controls and procedures were not effective as of such date to ensure that information required to be disclosed in the reports that the registrant files or submits under the Securities Exchange Act of 1934, as amended (a) is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and (b) is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure. If the registrant develops new business or engages or hires a chief financial officer or similar financial expert, the registrant intends to review its disclosure controls and procedures.

Management is aware that there is a lack of segregation of duties due to the small number of employees dealing with general administrative and financial matters.

Changes in Internal Control Over Financial Reporting: There was no change in the registrant's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or Rule 15d-15 under the Securities Exchange Act of 1934 that occurred during the registrant's last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

PART II- OTHER INFORMATION

Item 1. Legal Proceedings.

None

Item 1A. Risk Factors.

Not applicable to smaller reporting companies.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

None

Item 3. Defaults upon Senior Securities.

None

Item 4. Mine Safety Disclosures

Not Applicable

Item 5. Other Information.

None.

Item 6. Exhibits

CERTIFICATIONS

I, Jeffrey A. Lubchansky, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended December 31, 2019 of Wall Street Media Co, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report of Wall Street Media Co, Inc. (the "Company") on Form 10-Q for the quarterly period ended December 31, 2019 (the "Report") I, Jeffrey A. Lubchansky, Chief Executive Officer and President of the Company, certify, pursuant to 18 USC Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that to the best of my knowledge and belief:

- (1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Date: January 17, 2020

By: /s/ Jeffrey A. Lubchansky

Jeffrey A. Lubchansky
Chief Executive Officer and President
(principal executive officer and
principal financial officer)

This certification accompanies the Report pursuant to Section 906 of the Sarbanes-Oxley Act of 2002 and shall not, except to the extent required by the Sarbanes-Oxley Act of 2002, be deemed filed by the Company for purposes of Section 18 of the Securities Exchange Act of 1934, as amended.
