**We Are Not Asking You for a Proxy and You

Summary of Corporate Actions

On March 18, 2014, the Company received written consents of stockholders holding its Series G 1.5% Convertible Preferred Shares (the “Preferred Shares”) with a majority of voting power of the Preferred Shares and the Company’s common stock, par value \$0.001 per share (the “Common Stock”), voting together as a single class, approving (i) amending the Certificate of Incorporation of the Company to increase the number of authorized shares of the Company to 1,405,000,000, and (ii) adopting the Cortex Pharmaceuticals, Inc. 2014 Equity, Equity-Linked and Equity Derivative Incentive Plan (the “Plan”). On April 17, 2014, the Company received written consents from stockholders holding a majority of Common Stock of the Company, voting as a single class, approving the increase in authorized shares to 1,405,000,000. Promptly after receiving this second authorization, on April 17, 2014, the Company filed an amendment to its Certificate of Incorporation with the Secretary of State of the State of Delaware, effecting the increase. These actions were taken by the Board of Directors, with the approval of the Company’s stockholders, to enable the Company to continue its restructuring efforts, resolve existing debts, and facilitate raising additional equity capital to support the Company’s business activities and research and development programs. The approval of the Plan is expected to enhance the Company’s ability to attract and retain qualified personnel.

The Company intends to use the newly authorized shares of common stock to provide a sufficient number of common shares for the Company’s current and expected future equity-based commitments and transactions, including:

- (i) the conversion into common stock of the Company’s Series G 1.5% Convertible Preferred Shares (issued in March and April 2014);
- (ii) the conversion into common stock of the Company’s Convertible Notes issued from November, 2014 through February, 2015; and the exercise of warrants issued in connection with that transaction;
- (iii) the exercise of other currently outstanding stock options and warrants; and
- (iv) the future issuances of common stock (or securities convertible into or exercisable for shares of common stock): (a) pursuant to the Plan; (b) in satisfaction of certain trade accounts payable and other liabilities; and (c) to fund the Company’s business operations, including research and development activities.

Although the Company does not currently have any formal arrangements, agreements or understandings with respect to the authorized but unissued shares of common stock resulting from the amendment (other than as specified herein), the Company is actively seeking to raise additional working capital, and anticipates entering into agreements to issue additional shares of common stock and/or securities convertible into or exercisable for common stock in one or more equity or equity-linked financing transactions in 2015 and likely thereafter.

This Information Statement was filed in preliminary form with the Securities and Exchange Commission on April 23, 2015, is being filed in definitive form on or about May 13, 2015 and will be mailed on or about May 21, 2015, or as soon as practicable thereafter, to the Company’s stockholders of record. The corporate actions described herein have been completed and are effective in accordance with Section 228(a) of the DGCL and the Company’s Bylaws.

The Company’s principal executive offices are located at 126 Valley Road, Suite C, Glen Rock, New Jersey 07452, and the Company’s telephone number is 201-444-4947.

No Voting or Vote Required

The Company is not seeking consent, authorizations or proxies from you. Under the DGCL and the Company's Bylaws, the approval of the increase in authorized shares and the adoption of the Plan may be effected by (i) the written consent of stockholders holding a majority of the voting power of all of our voting capital stock, voting as a single class, in the case of the Plan, and (ii) written consent of holders of a majority of all voting capital stock, voting as a single class, plus the further written consent of stockholders holding a majority of the voting power of all of our Common Stock, voting as a separate class, regarding the increase in authorized shares.

On March 18, 2014, the first Record Date, we received written consents approving the increase in authorized shares and adoption of the Plan by holders of all of our then-outstanding Preferred Shares, which together held a majority of the voting power of all of our capital stock, voting as a single class. On April 17, 2014, the second Record Date, we received written consents approving the increase in authorized shares by holders of a majority of our Common Stock, voting as a separate class.

As of the first Record Date, the Company had 144,041,556 shares of Common Stock outstanding and entitled to vote. As of the Second Record Date, the Company had 201,041,556 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote. Each share of Preferred Stock is entitled to 303,030.3 votes. As of the first Record Date, the signatories to the applicable written consents owned all of the then-outstanding Preferred Shares or approximately 66.41% of the Company's voting power. After the initial Record Date, further shares of Preferred Stock were issued and all subsequent purchasers also approved both the increase in authorized shares and the adoption of the Plan; therefore, if measured at the second Record Date, valid written consents of all of the then-outstanding Preferred Shares, again holding the majority of voting power of all voting capital stock, voting as a single class, had been received approving both the increase in authorized shares and the adoption of the Plan. As of the second Record Date, signatories to the written consents of Common Stock holders owned 102,265,748 shares of Common Stock in the aggregate, or approximately 50.87 % of the Company's voting power of Common Stock, voting as a separate class. Accordingly, the written consents executed by signatories effectively approved the actions described herein and no further stockholder action is required.

Effective Date

The corporate actions described herein have been completed. The adoption of the Plan was effective as of March 18, 2014 in accordance with Section 228(a) of the DGCL and the Company's Bylaws. The increase in the authorized shares was approved on April 17, 2014 in accordance with Section 228(a) of the DGCL and the Company's Bylaws and was effective as of the filing of the amendment to the Company's Certificate of Incorporation filed with the Secretary of State of the State of Delaware on April 17, 2014.

Notice Pursuant to the Company's Bylaws and the Delaware General Corporation Law

Pursuant to Section 228(e) of the DGCL, the Company is required to provide prompt notice of the taking of a corporate action by written consent to the Company's stockholders who have not consented in writing to such action. This Information Statement serves as the notice required by Section 228(e) of the DGCL.

DIRECTOR COMPENSATION

As discussed below under “**Corporate Governance—Board Committees,**” the full Board of Directors of the Company is currently acting as the Company's Compensation Committee. Prior to the change in composition of our Board of Directors in March 2013, the Compensation Committee had used a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board of Directors. From March 2013 until September 2014, all of our directors were also officers of the Company, and their compensation is discussed below in the “**Narrative to Summary Compensation Table.**” In September 2014, concurrently with their appointment as directors, each of James Sapirstein and Kathryn MacFarlane received 2,000,000 shares of common stock of the Company, which vested 50% upon appointment, 25% on September 30, 2014, and 25% on December 31, 2014. These stock awards were valued at \$0.049 per share, which was the closing price of the Company's common stock on September 3, 2014, and the Company recorded a charge to operations of \$196,000 in the aggregate, \$98,000 per individual, with respect to these stock awards in 2014.

In setting director compensation, the Compensation Committee considers the significant amount of time that directors expend in fulfilling their duties to the Company, as well as the skill-level required by the Company of members of the Board of Directors. The Board of Directors has made no decisions regarding compensation for directors in 2015.

The following table shows the compensation received by the non-employee members of our Board of Directors for the year ended December 31, 2014. No non-employee director received any compensation in the year ended December 31, 2013. Directors who are also employees/officers of the Company did not receive any additional compensation for services as a director.

CODE OF ETHICS

We have previously adopted a Code of Business Conduct and Ethics, which covers all of our directors and employees, including our principal executive and financial officers. Any amendment to, or waiver from, any applicable provision (related to elements listed under Item 406(b) of Regulation S-K) of our Code of Business Conduct and Ethics that applies to our directors or executive officers will be posted on our website at www.cortexpharm.com and/or in a report filed with the Securities and Exchange Commission in a Current Report on Form 8-K. The Company is in the process of updating its Code of Business Conduct and Ethics. Any amendment or waiver to its Code of Business Conduct and Ethics that applies to its directors or executive officers will be posted on its website at www.cortexpharm.com and/or filed in a report with the Securities and Exchange Commission in a Current Report on Form 8-K.

BOARD COMMITTEES

Since the changes in the composition of our Board of Directors on March 22, 2013, the functions of each of the committees described below have been addressed by the full Board of Directors. Prior to March 22, 2013, the Board of Directors maintained a standing Audit Committee, Compensation Committee, and Governance and Nominations Committee.

Audit Committee. Traditionally, the Audit Committee meets with the Company's independent registered public accountants and management to prepare for and to review the results of the annual audit and to discuss the annual and quarterly financial statements, earnings releases and related matters. The Audit Committee, among other things, (i) selects and retains the independent registered public accountants, (ii) reviews with the independent registered public accountants the scope and anticipated cost of their audit, and their independence and performance, (iii) reviews accounting practices and financial reporting, (iv) receives and considers the comments of the independent registered public accountants as to controls, adequacy of staff and management performance and procedures in connection with audit and financial controls, (v) reviews and pre-approves all audit and non-audit services provided to the Company by the independent registered public accountants, and (vi) reviews and pre-approves all related-party transactions.

Since the change in composition of our Board of Directors in March 2013, the composition of an Audit Committee has not been determined, nor has the current Board of Directors adopted an amended written charter. The Company's records indicate that the Audit Committee previously operated under a written charter adopted by the previous Board of Directors. When an Audit Committee is reestablished along with a written charter, such charter will be made available on the Company's website at www.cortexpharm.com and/or in a report filed with the Securities and Exchange Commission in a Current Report on Form 8-K.

Compensation Committee. The traditional functions of the Compensation Committee include, without limitation, administering the Company's incentive ownership programs and approving the compensation to be paid to the Company's directors and executive officers. The Compensation Committee typically meets no less frequently than annually as circumstances dictate to discuss and determine executive officer and director compensation. Historically, the Company's Chief Executive Officer annually reviews the performance of each executive officer (other than the Chief Executive Officer, whose performance is reviewed by the Compensation Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Compensation Committee, who can exercise its discretion in modifying any recommended adjustments or awards to executive officers. The Compensation Committee is entitled to, but generally does not, retain the services of any compensation consultants. A compensation consultant was not retained in the past fiscal year. The Compensation Committee has the power to form and delegate authority to subcommittees when appropriate, provided that such subcommittees are composed entirely of directors who would qualify for membership on the Compensation Committee.

Since the change in composition of our Board of Directors in March 2013, the members of the Board of Directors have performed the functions of the Compensation Committee and the composition of a Compensation Committee has not been determined nor has the current Board of Directors adopted a written charter. The Company's records indicate that the Compensation Committee previously operated under a written charter adopted by the Board of Directors. When a Compensation Committee is reestablished along with a written charter, such charter will be made available on the Company's website at www.cortexpharm.com and/or in a report filed with the Securities and Exchange Commission in a Current Report on Form 8-K.

Governance and Nominations Committee. The traditional functions of the Governance and Nominations Committee include, without limitation, (i) identifying individuals qualified to become members of the Board of Directors, (ii) recommending director nominees for the next annual meeting of stockholders and to fill vacancies that may be created by the expansion of the number of directors serving on the Board of Directors and by resignation, retirement or other termination of services of incumbent directors, (iii) developing and recommending to the Board of Directors corporate governance guidelines and changes thereto, (iv) ensuring that the board of directors and the Company's Certificate of Incorporation and Bylaws are structured in a way that best serves the Company's practices and objectives, (v) leading the Board of Directors in its annual review of the Board of Directors' performance; and (vi) recommending to the Board of Directors nominees for each committee. Accordingly, the Governance and Nominations Committee annually reviews the composition of the Board of Directors as a whole and makes recommendations, if deemed necessary, to enhance the composition of the Board of Directors. The Governance and Nominations Committee first considers a candidate's management experience and then considers issues of judgment, background, conflicts of interest, integrity, ethics and commitment to the goal of maximizing stockholder value when considering director candidates. The Governance and Nominations Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. The Governance and Nominations Committee does not have a formal policy with respect to diversity; however, the Board of Directors and Governance and Nominations Committee believe that it is essential that the members of the Board of Directors represent diverse viewpoints. In considering candidates for the Board of Directors, the Governance and Nominations Committee considers the entirety of each candidate's credentials in the context of these standards. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board of Directors are also considered.

Since the change in composition of our Board of Directors in March 2013, the members of the Board of Directors have performed the functions of the Governance and Nominations Committee and the composition of a Governance and Nominations Committee has not been determined nor has the current Board of Directors adopted a written charter. When a Governance and Nominations Committee is reestablished along with a written charter, such charter will be made available on the Company's website at www.cortexpharm.com and/or in a report filed with the Securities and Exchange Commission in a Current Report on Form 8-K.

DIRECTOR NOMINATING PROCESS

The Board of Directors is currently fulfilling the role of the Governance and Nominating Committee and expects to reestablish that body and approve a new charter for the committee. That charter will set the policies with respect to nominations going forward.

In selecting the most recent members of the Board of Directors, James Sapirstein and Kathryn MacFarlane, the Board of Directors considered several candidates including those ultimately selected. The credentials of the two selected candidates were considered in detail. Time constraints and general availability for Board of Director meetings were discussed with the candidates. Backgrounds were reviewed. No questionnaire was used. No firm was engaged to do background checks as both Mr. Margolis and Mr. Lippa both knew and had worked professionally with the selected candidates before in other circumstances. Upon completion of review satisfactory to the then existing Board of Directors, formal invitations to join the Board of Directors were made. Acceptances were made in September 2014.

The Board of Directors expects that when a charter is adopted for the Governance and Nominations Committee, many of the policies and procedures that will be adopted will be substantially similar to the past practices of the Company. Prior to March 2013, in identifying potential nominees, the Governance and Nominations Committee sought recommendations from existing directors and from management. In addition, the Governance and Nominations Committee considered candidates that may be recommended by the Company's stockholders in accordance with the procedures described below. In considering the nominees, the Board of Directors considered, among other factors, the potential nominee's character and integrity, independence, experience and knowledge, and willingness and ability to participate in the activities and functions of the Board of Directors. Additionally, the Board of Directors considered specialized areas of expertise of candidates that may assist the Board of Directors in its oversight responsibility of the Company. Prior to March 2013, the Board of Directors did not evaluate nominees recommended by stockholders differently from its evaluation of other director nominees, and does not anticipate doing so in the future.

Prior to March 2013, the Governance and Nominations Committee considered director candidates recommended by the Company's stockholders and we expect that when re-establish the Governance and Nominations Committee will also consider such recommendations. Any stockholder desiring to submit a recommendation for consideration by the Board of Directors of a candidate that such stockholder believes is qualified to be a director nominee at any upcoming stockholder meeting may do so by submitting that recommendation in writing to the Board of Directors, c/o Corporate Secretary, Cortex Pharmaceuticals, Inc., 126 Valley Road, Suite C, Glen Rock, New Jersey 07452, not later than 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to the Company's stockholders, or in cases where the annual meeting has been changed by more than 30 days from the date of the prior year's meeting, a reasonable time before the Company begins to print and mail its proxy materials. When it adopts a written charter for the Governance and Nominations Committee, it will specify the material to be provided with stockholder nominations in the future, which will include typical factual details, such as the information that would be required in a proxy if the recommended person were nominated, and their agreement to serve.

STOCKHOLDER COMMUNICATIONS

Stockholders may communicate with the Board of Directors or any of the individual directors by sending written communications addressed to the Board of Directors, a committee or any of the individual directors, c/o Corporate Secretary, Cortex Pharmaceuticals, Inc., 126 Valley Road, Suite C, Glen Rock, New Jersey 07452. All communications are compiled by our Corporate Secretary (currently Jeff E. Margolis) and forwarded to the Board of Directors or the individual director(s), as appropriate.

- (1) On April 14, 2014, the Board of Directors of the Company awarded a total of 57,000,000 shares of common stock of the Company, including awards of 15,000,000 shares to each of the Company's three executive officers, who were also all of the directors of the Company at that time, and 4,000,000 shares and 8,000,000 shares to two other individuals. The individual who received the 8,000,000 shares was an associated person of Aurora Capital LLC, a related party. These awards were made to those individuals on that date as compensation for services rendered through March 31, 2014. As the initial closing of the Series G 1.5% Convertible Preferred Stock was completed on March 18, 2014, and such closing represented approximately 81% of the total amount of such financing, the Company's Board of Directors determined that it was appropriate at that time to compensate such officers for the period since they joined the Company in March and April 2013 through March 31, 2014. Such compensation was concluded on April 14, 2014 with the issuance of the aforementioned stock awards. Accordingly, as a result of these factors, the fair value of these stock awards of \$2,280,000, \$600,000 for each of the executive officers, was charged to operations effective as of March 18, 2014. The stock awards were valued at \$0.04 per share, which was the closing price of the Company's common stock on March 18, 2014.

On July 17 2014, the Company awarded stock options to purchase an aggregate of 15,000,000 shares of common stock of the Company, consisting of options for 5,000,000 shares to each of the Company's three named executive officers at an exercise price of \$0.05 per share, as compared to the closing market price of the Company's common stock on such date of \$0.044 per share, reflecting an exercise price premium of \$0.006 per share or 13.6%. During the year ended December 31, 2014, the Company recorded a charge to operations of \$655,500, or \$218,500 for each named executive officer, with respect to these stock options, reflecting the grant date fair value of the stock options calculated pursuant to the Black-Scholes option-pricing model.

- (2) In accordance with Securities and Exchange Commission rules, "Other Annual Compensation" in the form of perquisites and other personal benefits has been omitted where the aggregate amount of such perquisites and other personal benefits was less than \$10,000.

Narrative to Summary Compensation Table

No performance bonuses were awarded to the named executive officers for the years ended December 31, 2014 or 2013.

The exercise price for our stock options is no less than the fair market value of the stock on the date of the grant. The options that were awarded to our named executive officers in 2014 vested in three equal installments on July 17, 2014 (at issuance), September 30, 2014, and December 31, 2014, and expire on July 17, 2019. These awards were made under the Company's 2014 Equity, Equity-Linked and Equity Derivative Incentive Plan. Accordingly, the options will provide a return to the named executive officer only if the market price of the Company's common stock appreciates over the option term. In 2014, the Company awarded stock options to purchase an aggregate of 15,000,000 shares of common stock of the Company, consisting of options for 5,000,000 shares to each of the Company's three named executive officers at an exercise price of \$0.05 per share, as compared to the closing market price of the Company's common stock on such date of \$0.044 per share, reflecting an exercise price premium of \$0.006 per share or 13.6%. There were no stock options received by the named executive officers during the year ended December 31, 2013.

In connection with the recent changes to the members of our Board of Directors and taking into account the Company's current operating structure and business plans, management is currently reevaluating the compensation policies of the Company and, as a result of that reassessment, and in light of the Company's current financial circumstances, has made departures from the Company's historic compensation policies and will likely make substantial adjustments to such policies, including the probable termination of such policies and adoption of new policies in the future.

The Company does not have any arrangements or agreements regarding compensation with its current executive officers and paid no compensation to any named executive officer in 2013. No named executive officer received cash compensation in 2013 or 2014. On April 14, 2014, the Board of Directors of the Company awarded a total of 57,000,000 shares of common stock of the Company, including awards of 15,000,000 shares to each of the Company's three executive officers, who were also all of the directors of the Company at that time, and 4,000,000 shares and 8,000,000 shares to two other individuals. These awards were made to those individuals on that date as compensation for services rendered through March 31, 2014. Subsequently, on July 17, 2014, the Board of Directors approved an award to each of these named executive officers of options to purchase 5,000,000 shares of the Company's common stock, as described above, in compensation for the balance of 2014 following the stock award.

Report of the Board of Directors acting as the Audit Committee

The Company's management has primary responsibility for the Company's consolidated financial statements. Haskell & White LLP, the Company's independent registered public accounting firm for 2014, is responsible for expressing an opinion on the conformity of the Company's audited consolidated financial statements with generally accepted accounting principles. Before the Company's Annual Report on Form 10-K for the year ended December 31, 2014 was filed with the Securities and Exchange Committee, the Board of Directors reviewed and discussed with management and Haskell & White LLP the audited consolidated financial statements of the Company for the year ended December 31, 2014, which included the consolidated balance sheets of as of December 31, 2014 and 2013, the related consolidated statements of operations, statement of stockholders' deficiency and statements of cash flows for each of the two years in the period ended December 31, 2014, and the notes thereto. As a part of that review, the Board of Directors discussed the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. The Board of Directors has also had discussions with Haskell & White LLP with regards to the matters required to be discussed by the Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16 (Communications with Audit Committees), as amended. The Board of Directors has obtained the written disclosures and the letter from Haskell & White LLP as required by Rule 3526 of the PCAOB (Communications with Audit Committees Concerning Independence). The Board of Directors discussed the independence of Haskell & White LLP with that firm.

Based on the review and discussions referred to above, the Board of Directors recommended that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

TRANSACTIONS WITH RELATED PERSONS

On June 25, 2012, the Company borrowed 465,000,000 Won (the currency of South Korea, equivalent to approximately \$400,000 US dollars) from and executed a secured note payable to SY Corporation Co., Ltd., formerly known as Samyang Optics Co. Ltd. ("SAMYANG"), an approximately 20% common stockholder of the Company at that time. The note accrues simple interest at the rate of 12% per annum and has a maturity date of June 25, 2013, although SAMYANG was permitted to demand early repayment of the promissory note on or after December 25, 2012. SAMYANG did not demand early repayment. The Company has not made any payments on the promissory note. At June 30, 2013 and subsequently, the promissory note was outstanding and in technical default, although SAMYANG has not issued a notice of default or a demand for repayment. The Company believes that SAMYANG is in default of its obligations under its January 2012 license agreement, as amended, with the Company, but the Company has not yet issued a notice of default. The Company is endeavoring to enter into discussions with SAMYANG with a view toward a comprehensive resolution of the aforementioned matters.

In 2012, Aurora Capital LLC provided investment banking services to Pier, a company that the Company acquired by merger on August 10, 2012. For those services, on August 10, 2012 Aurora Capital LLC received 2,971,792 shares of the Company's common stock in payment of its fee of \$194,950. Both Dr. Arnold S. Lippa and Jeff E. Margolis, officers and directors of the Company since March 22, 2013, have indirect ownership interests in Aurora Capital LLC through interests held in its members, and Jeff E. Margolis is also an officer of Aurora Capital LLC. In December 2014, these shares were distributed to members of Aurora Capital LLC including 2,526,023 to Sachin Kelkar, 111,442 to Jeff E. Margolis and 189,452 to an entity owned by the Arnold Lippa Family Trust of 2007. The remaining 144,875 shares of common stock were distributed to other members of Aurora Capital LLC that are not affiliated with Cortex.

On March 31, 2013, the Company accrued \$85,000 as reimbursement for legal fees incurred by Aurora Capital LLC in conjunction with the removal of the Company's prior Board of Directors on March 22, 2013.

From June 2013 through March 2014, Arnold S. Lippa, the Company's Chairman and Chief Executive Officer advanced short-term loans to the Company aggregating \$150,000 in order to meet its minimum operating needs. In March and April 2014, the Company completed a private placement by selling 928.5 shares of its Series G 1.5% Convertible Preferred Stock for gross proceeds of \$928,500 and repaid the aggregate advances, including accrued interest of \$102. The Company's Chairman and Chief Executive Officer invested \$250,000 in the Series G 1.5% Convertible Preferred Stock private placement.

In 2014, Aurora Capital LLC acted as a placement agent for both the Series G 1.5% Convertible Preferred Stock Private Placement and the subsequent Convertible Note and Warrant Financing. Aurora and its designees and/or affiliates received fees in connection with the Series G 1.5% Convertible Preferred Stock Private Placement in the form of cash of \$2,800 and warrants to purchase 10,427,029 shares of common stock during the year ended December 31, 2014.
