Ecosciences, Inc.
Notes to the Unaudited Condensed Consolidated Financial Statements

1. Nature of Operations

Ecosciences, Inc. (the “Company”) was incorporated in the State of Nevada on May 26, 2010. The Company’s principal business is focused on the development, production and sale of environmentally focused wastewater products. It currently produces organic tablets and powders to be used regularly and in lieu of harmful chemical cleaning products in grease trap and septic tank systems. The Company intends to generate revenue through the sale of tablets and powders to domestic and international customers in the food and sanitation industries as well as residential consumers.

The accompanying unaudited condensed consolidated financial statements of the Company should be read in conjunction with the consolidated financial statements and accompanying notes filed with the U.S. Securities and Exchange Commission in the Company’s Annual Report on Form 10-K for the fiscal year ended May 31, 2015. In the opinion of management, the accompanying unaudited condensed consolidated financial statements reflect all adjustments of a recurring nature considered necessary to present fairly the Company’s financial position and the results of its operations and its cash flows for the periods shown.

The preparation of unaudited condensed consolidated financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported. Actual results could differ materially from those estimates. The results of operations and cash flows for the periods shown are not necessarily indicative of the results to be expected for the full year.

2. Going Concern

These unaudited condensed consolidated financial statements have been prepared on a going concern basis, which implies that the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has not generated significant revenue since inception and has not generated significant earnings. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. As of November 30, 2015, the Company has accumulated losses of \$713,550 and a working capital deficit of \$593,708. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These unaudited condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

3. Inventory

Inventory consists of the following:

	November 30, 2015	May 31, 2015
Raw Materials	\$ 75	\$ 34
Finished Goods	2,379	1,882
Packaging Supplies	1,219	856

* On May 9, 2014, the Company entered into a Master Loan Agreement (the "Loan Agreement"), whereby the lender agreed, from time to time, to purchase from the Company one or more Promissory Notes for the account of the Company, provided, however, that the aggregate principal amount of all Promissory Notes then outstanding shall not exceed \$500,000 and that no Event of Default has occurred and remains uncured. Amounts borrowed under the Loan Agreement are evidenced by an unsecured, non-recourse Promissory Note, bearing interest at a rate of 8% per annum, maturing on the first anniversary date thereof, and may be prepaid by the Company before the maturity date. Amounts borrowed under the Loan Agreement and repaid or prepaid may not be re-borrowed. The Loan Agreement will automatically terminate and be of no further force and effect upon the earlier to occur of (i) the satisfaction of all indebtedness, including the promissory notes and any additional indebtedness issued thereafter, between the Company and the lender and (ii) written termination notice is delivered by the Company or the lender to the other party. Two notes matured in May 2015 and were not repaid. Therefore, under the default terms of the Loan Agreement, all remaining promissory notes immediately become due and payable.

Pursuant to the Amendment, the Company increased the number of shares of common stock issuable upon the conversion of each share of Series C preferred stock from 10 shares to 12 shares but also added the restriction that the holder has to wait until the one year anniversary date of issuance before the holder can elect to convert. Also, the Company removed the right of the holder to elect to have any portion of the shares be repurchased by the Company at \$0.10 per share, and amended the voting rights to increase the voting equivalency of each share of Series C preferred stock from 10 shares to 12 shares of common stock.
- b) On June 4, 2015, the Company designated 10,000,000 shares of preferred stock as Series D convertible preferred stock. The holders of the Series D convertible preferred stock may elect to convert their shares at any time and from time to time and after the first year anniversary of the issue date. Each share of Series D convertible preferred stock is convertible into 10 shares of common stock of the Company; provided, however, that the holder is prohibited from converting such number of shares of Series D convertible preferred stock that would result in the stockholder beneficially owning more than 4.99% of the common stock of the Company. The holders of the Series D convertible preferred stock shall be entitled to a number of votes equal to the number of shares of common stock into which the Series D shares held are convertible.
- c) On June 4, 2015, upon execution of the Management Services Agreement referred to in Note 8 (a), the Company issued 100,000 shares of the Series D convertible preferred stock to the President of the Company at \$0.10 per share in exchange for management services.

Pursuant to the Amendment, the Company restated the conversion and redemption terms of the Series A convertible preferred stock. For shares of Series A convertible preferred stock issued prior to September 11, 2015, the holders shall have the right to convert the shares from the first anniversary date of issuance. Our actual results may differ materially from those we currently anticipate as a result of many factors, including the factors we describe in this report and our other reports filed with the Securities and Exchange Commission.

Forward Looking Statements

Some of the information in this section contains forward-looking statements that involve substantial risks and uncertainties. You can identify these statements by forward-looking words such as “may,” “will,” “expect,” “anticipate,” “believe,” “estimate” and “continue,” or similar words. You should read statements that contain these words carefully because they:

- discuss our future expectations;
- contain projections of our future results of operations or of our financial condition; and
- state other “forward-looking” information.

We believe it is important to communicate our expectations. However, there may be events in the future that we are not able to accurately predict or over which we have no control. Our actual results and the timing of certain events could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including those set forth elsewhere in this Report.

Unless stated otherwise, the words “we,” “us,” “our,” the “Company” or “Ecosciences” in this section collectively refer to Ecosciences, Inc. and its wholly-owned subsidiary, Eco-Logical Concepts, Inc., a Delaware corporation.

Corporate History

We were formerly known as On-Air Impact, Inc., a Nevada corporation (“On-Air Impact”). From the date of our inception on May 26, 2010 until the consummation of the reverse merger described below on May 9, 2014, On-Air Impact had been a “shell company” (as such term is defined in Rule 12b-2 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”)).

On May 9, 2014, On-Air Impact and its wholly-owned subsidiary, Eco Merger Sub, Inc., a Delaware corporation (“Merger Sub”), consummated a reverse merger (the “Merger”) with Eco-Logical Concepts, Inc., a Delaware corporation (“Eco-Logical”), pursuant to the terms and conditions of that certain Agreement and Plan of Merger, dated May 9, 2014 (the “Merger Agreement”), whereby Merger Sub merged with and into Eco-Logical with Eco-Logical being the surviving corporation and replacing Merger Sub as On-Air Impact’s wholly-owned subsidiary. Since the Merger, the business and operations of Eco-Logical have been business and operations of On-Air Impact.

At the closing of the Merger:

- Every one hundred (100) shares of Common Stock, par value \$0.0001 per share, of Eco-Logical issued and outstanding immediately prior to the closing of the Merger was converted into one (1) share of Common Stock, par value \$0.0001 per share (the “Common Stock”), of On-Air Impact, rounding up to the nearest whole number for resulting fractional shares; and
- Each share of Series A Non-Convertible Preferred Stock, par value \$0.0001 per share, of Eco-Logical issued and outstanding immediately prior to the closing of the Merger was converted into one share of Series B Non-Convertible Preferred Stock, par value \$0.0001 per share (the “Series B Non-Convertible Preferred Stock”), of On-Air Impact.

In addition, pursuant to the Merger Agreement, on May 9, 2014, Joel Falitz, the President and Chief Executive Officer of Eco-Logical, was appointed to serve as the Chairman of our Board of Directors for a one-year period until the next annual stockholders’ meeting or until his successor is elected and qualified and as the Chief Executive Officer, President, Secretary and Treasurer of the Company.

As a result of the Merger, On-Air Impact ceased to be a shell company. The information contained in our “Super Form 8-K” filed on May 15, 2014 constitutes the current “Form 10 information” necessary to satisfy the conditions contained in Rule 144(i)(2) under the Securities Act of 1933, as amended (the “Securities Act”).

The Merger was intended to be treated as a tax-free reorganization under Section 368(a) of the Internal Revenue Code of 1986, as amended, and has been treated as a recapitalization of the Company for financial accounting purposes. Even though On-Air Impact was the legal acquirer, Eco-Logical is considered to be the acquirer for accounting purposes, and the Company’s historical financial statements before the Merger will be replaced with the historical financial statements of Eco-Logical before the Merger in this Report and all future filings with the SEC.

To better reflect our new operations as a result of the Merger, on June 23, 2014, the Company changed its name from “On-Air Impact” to “Ecosciences, Inc.” On June 23, 2014, we also increased our authorized capital stock from 100 million shares of Common Stock to 500 million shares; and from 10 million shares of “blank check” Preferred Stock, par value \$0.0001 per share (“Preferred Stock”) to 50 million shares. We also effectuated a 500-for-1 forward stock split of our outstanding Common Stock on June 23, 2014 (the “Forward Stock Split”).

On July 21, 2014, the ticker symbol of our Common Stock on the OTCQB was changed from “OAIR” to “ECEZ” to better reflect our new name.

Overview

Eco-Logical Concepts Inc. (hereinafter referred to as the “Company,” “Eco,” “Eco-Logical,” “our,” “we,” “us,” and similar terms) was incorporated in the State of Delaware on November 30, 2011.

The following discussion highlights Eco-Logical’s results of operations and the principal factors that have affected our consolidated financial condition as well as our liquidity and capital resources for the periods described, and provides information that management believes is relevant for an assessment and understanding of our consolidated financial condition and results of operations presented herein. The following discussion and analysis is based on Eco-Logical’s unaudited condensed consolidated financial statements contained in this Report, which have been prepared in accordance with generally accepted accounting principles in the United States. You should read the discussion and analysis together with such financial statements and the related notes thereto.

As a result of the Merger and the change in our business and operations, a discussion of the past financial results of On-Air Impact, Inc. is not pertinent, and under generally accepted accounting principles in the United States, the historical financial results of Eco-Logical, the accounting acquirer, prior to the Merger are considered the historical financial results of the Company.

Located in Jericho, New York, Eco-Logical provides bio-remediation services for sewers, sludge ponds, septic tanks, lagoons, farms, car washes, portable sanitation facilities, grease tanks, lakes and ponds. We provide a suite of tablet-based products that can be added to waste systems. The active ingredients in our tablets oxygenate wastewater, remove hydrogen sulfide odors, prevent corrosion in wastewater systems and initiate aerobic biological breakdown of organic sludge including fats, oils and grease. The tablets are non-toxic to the environment, non-caustic and comprised of natural ingredients that do not require any special permitting for use and disposal. The product is simple to use directly by the end consumer.

The Company has formulated a business model that management believes can help it grow and achieve economies of scale over time. We have undertaken the necessary due diligence and prepared a business that will enable us to compete in the market for bio-remediation services.

The Company is focused on building, acquiring and investing in businesses around ecological and life sciences. From waste water remediation to healthcare and more, Ecosciences is committed to building a better living environment for all people.

Growth Strategy of the Company

Our mission is to maximize stockholder value through expanding the scope of products offered. We intend to conduct research and development to bring new, improved products to market to ensure we are competitive in our market space. We intend to focus on growing our distribution channels using master-distributor relationships, full-line distributors and other similar sales channels. We intend to build product and brand awareness through a direct retail channel using online marketing and info-commercials, which we believe will provide a feedback benefit for the growth of our other distribution channels as well as to establish opportunities for indirect retail sales channels, such as through chain stores and small retailers.

We have been working to set up regional distributors in several different market segments, such as septic systems, grease traps, ponds, agricultural and wastewater. Sales this fiscal year have primarily been to Mexico, and we are currently finalizing more orders locally in New Jersey. All sales were completed in US dollars and have not been subject to any foreign taxes.

Critical Accounting Policies, Estimates, and Judgments

Our unaudited condensed consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. We continually evaluate our estimates and judgments, our commitments to strategic alliance partners and the timing of the achievement of collaboration milestones. We base our estimates and judgments on historical experience and other factors that we believe to be reasonable under the circumstances. Materially different results can occur as circumstances change and additional information becomes known. Besides the estimates identified above that are considered critical, we make many other accounting estimates in preparing our financial statements and related disclosures. All estimates, whether or not deemed critical, affect reported amounts of assets, liabilities, revenues and expenses, as well as disclosures of contingent assets and liabilities. These estimates and judgments are also based on historical experience and other factors that are believed to be reasonable under the circumstances. Materially different results can occur as circumstances change and additional information becomes known, even for estimates and judgments that are not deemed critical.

Financial Condition, Liquidity and Capital Resources

At November 30, 2015, we had \$251 in cash on hand and an accumulated deficit of \$713,550; and had \$6,737 in revenues for the six month period ended November 30, 2015. In their report for the fiscal year ended May 31, 2015, our auditors have expressed that there is substantial doubt as to our ability to continue as a going concern. We have incurred operating losses since our formation and expect to incur losses and negative operating cash flows for the foreseeable future. We expect to incur substantial losses for the foreseeable future and may never become profitable. We also expect to continue to incur significant operating and capital expenditures for the next several years and anticipate that our expenses will increase substantially in the foreseeable future. We also expect to experience negative cash flow for the foreseeable future as we fund our operating losses and capital expenditures. As a result, we will need to generate significant revenues in order to achieve and maintain profitability. We may not be able to generate these revenues or achieve profitability in the future. Our failure to achieve or maintain profitability could negatively impact the value of our Common Stock.

To date, we have financed our operations primarily through the sale of Convertible Promissory Notes to Joel Falitz and other non-affiliated third parties and the issuance and sale of equity securities for cash consideration. As of November 30, 2015, we have financed our operations by the following:

- On December 22, 2011, the Company entered into two Convertible Promissory Note agreements for an aggregate of \$4,000. The Notes bear interest at 10% per annum, and the principal amount and any interest thereon are due 60 days following demand. Pursuant to the agreements, the Notes are convertible into shares of Common Stock at a conversion price equal to \$0.01 per share. At November 30, 2015, the outstanding principal and accrued interest of each Note was \$2,788, for a total of \$5,577.
- On December 22, 2011, the Company entered into a Convertible Promissory Note agreement for \$10,000. The Note bears interest at 10% per annum, and the principal amount and any interest thereon are due 60 days following demand. Pursuant to the Note, the Note is convertible into shares of Common Stock at a conversion price equal to \$0.01 per share. In addition, as a condition precedent to the right to convert the debt to Common Stock of the Company, the holder must purchase 3,000,000 shares of Common Stock at \$0.01 per share. On December 27, 2012, the Company repaid \$4,005 towards the principal balance and \$995 towards accrued interest. On April 19, 2013, the Company repaid \$4,818 towards the principal balance and \$182 towards accrued interest. At November 30, 2015, the outstanding principal and accrued interest of the Note was \$1,485.
- On December 28, 2011, the Company entered into two Convertible Promissory Note agreements for an aggregate of \$6,000, of which \$5,000 is due to the President of the Company. The Notes bear interest at 10% per annum, and the principal amount and any interest thereon are due 60 days following demand. Pursuant to the agreements, the Notes are convertible into shares of Common Stock at a conversion price equal to \$0.0001 per share. On October 27, 2012, the Company issued 50,000,000 shares of Common Stock to the President of the Company upon the conversion of the principal amount of \$5,000. At November 30, 2015, the outstanding principal and accrued interest of the outstanding Note was \$1,392.
- On April 12, 2013, the Company entered into a Promissory Note for the principal amount of \$20,000 with an unaffiliated third party, as the lender. The Note bears interest at the rate of 10% per annum and interest shall be paid semi-annually on the 1st day of each calendar quarter commencing on November 1, 2013. All principal and unpaid and accrued interest is due sixty (60) days after demand. The Note may be prepaid without penalty. At November 30, 2015, the outstanding principal and accrued interest of the outstanding Note was \$25,271.
- On May 8, 2014, Eco-Logical sold a one-year promissory note to Maverick, LLC (“Maverick”) for the principal amount of \$25,000 and bearing interest at rate of 8% per annum. Pursuant to the terms of the promissory note, simultaneously with the sale of all or substantially all of the assets of Eco-Logical, upon the merger or combination of Eco-Logical with another entity (other than for changing domicile), or change of control of Eco-Logical, the outstanding principal and accrued interest thereon under the promissory note automatically converted, without any action being taken by Eco-Logical or Maverick, into a number of shares of Common Stock and/or preferred stock of Eco-Logical which would enable Maverick to have voting and dispositive control of Eco-Logical. On May 9, 2014, the promissory note issued to Maverick was converted into 5,000,000 shares of Eco-Logical’s Common Stock and 200,000 shares of Eco-Logical’s Series A Preferred Stock. Pursuant to Eco-Logical’s Series A Certificate of Designation filed with the Secretary of State of the State of Delaware, the outstanding shares of Series A Non-Convertible Preferred Stock voted together with the shares of Common Stock and other voting securities of Eco-Logical as a single class and, regardless of the number of shares of Series A Non-Convertible Preferred Stock outstanding and as long as at least one of such shares of Series A Non-Convertible Preferred Stock is outstanding, represented eighty percent (80%) of all votes entitled to be voted at any annual or special meeting of stockholders of Eco-Logical or action by written consent of stockholders. Each outstanding share of the Series A Non-Convertible Preferred Stock shall represent its proportionate share of the 80% which is allocated to the outstanding shares of Series A Non-Convertible Preferred Stock. Upon the consummation of the Merger, Maverick’s 5,000,000 shares of Eco-Logical Common Stock and 200,000 shares of Eco-Logical Series A Non-Convertible Preferred Stock converted into 50,000 shares of our Common Stock and 200,000 shares of our Series B Non-Convertible Preferred Stock, respectively. The voting rights of shares of our Series B Non-Convertible Preferred Stock are identical to the voting rights Eco-Logical’s Series A Non-Convertible Preferred Stock. Therefore, as a result of the Merger, Maverick has voting control over the Company. As a result of the 500-for-1 Forward Stock Split of the Company’s outstanding Common Stock on June 23, 2014, the 50,000 shares of Common Stock held by Maverick resulted in Maverick owning 25,000,000 shares of the Company’s Common Stock.

- On May 9, 2014, the Company entered into that certain Master Loan Agreement, dated May 9, 2014 (the “Loan Agreement”), with Baccarat Holdings, Inc., an unaffiliated third party lender (“Baccarat” or the “Lender”). Subject to the terms and conditions set forth in the Loan Agreement, Baccarat agreed, from time to time to purchase from the Company, and the Company agreed to sell and issue to Baccarat, one or more Promissory Notes for the account of the Company, provided, however, that the aggregate principal amount of all Promissory Notes then outstanding shall not exceed the \$500,000 and that no Event of Default has occurred and has remained uncured. Amounts borrowed under the Loan Agreement shall be evidenced by an unsecured, non-recourse Promissory Note, bear interest at a rate of 8% per annum, mature on the first anniversary date thereof, and may be prepaid by the Company before the maturity date thereof. Amounts borrowed under the Loan Agreement and repaid or prepaid may not be re-borrowed. The Loan Agreement shall automatically terminate and be of no further force and effect upon the earlier to occur of (i) the satisfaction of all indebtedness, including the promissory notes and any additional indebtedness issued thereafter, between the Company and Baccarat and (ii) written termination notice is delivered by the Company or Baccarat to the other party. There can be no assurances that any additional funds will be available to us under the Loan Agreement since it provides that the Lender may terminate this Agreement at any time.
