DIGNYTE, INC.
(A Development Stage Enterprise)
Notes to Unaudited Condensed Financial Statements
September 30, 2013

Note 1. The Company

The Company and Nature of Business

Dignyte, Inc. (“Dignyte” or the “Company”), was incorporated in the State of Nevada on April 7, 2011, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company has been in the developmental stage since inception and has no operations to date. Other than issuing shares to its original shareholder, the Company never commenced any operational activities.

Note 2. Summary of Significant Accounting Policies

Development Stage

The Company’s financial statements are presented as statements of a development stage enterprise. Activities during the development stage primarily include related party equity-based and/or equity financing. The Company has not commenced any significant operations and, in accordance with ASC Topic 915, the Company is considered a development stage company.

Basis of Presentation

The interim financial information of the Company as of period ended September 30, 2013 and September 30, 2012 and for the period from inception of development stage April 7, 2011 to September 30, 2013 is unaudited. The balance sheet as of December 31, 2012 is derived from audited financial statements. The accompanying financial statements have been prepared in accordance with U. S. generally accepted accounting principles for interim financial statements. Accordingly, they omit or condense footnotes and certain other information normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles. The accounting policies followed for quarterly financial reporting conform with the accounting policies disclosed in Note 2 to the Notes to Consolidated Financial Statements included in the Company’s annual report on Form 10-K for the year ended December 31, 2012. In the opinion of management, all adjustments which are necessary for a fair presentation of the financial information for the interim periods reported have been made. All such adjustments are of a normal recurring nature. The results of operations for the nine months ended September 30, 2013 are not necessarily indicative of the results that can be expected for the entire year ending December 31, 2013. The unaudited financial statements should be read in conjunction with the financial statements and the notes thereto included in the Company’s annual report on Form 10-K for the year ended December 31, 2012.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ materially from these good faith estimates and judgments.

Note 3. Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. For the period ended September 30, 2013, the Company has no revenues and no operations. As of September 30, 2013, the Company had not emerged from the development stage and has an accumulated net loss of \$55,218. In view of these matters, the Company's ability to continue as a going concern is dependent upon the Company's ability to find a suitable merger or acquisition company. There are no assurances that management will find a capable company for its purposes. The Company intends on financing its future development activities and its working capital needs largely from the sale of public equity securities with some additional funding from other traditional financing sources, including term notes, until such time that funds provided by operations are sufficient to fund working capital requirements. The financial statements of the Company do not include any adjustments relating to the recoverability and classification of recorded assets or the amounts and classifications of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 4. Restricted Cash

Restricted cash is cash not available for immediate use. As of September 30, 2013, the Company had \$41,870 in restricted cash equivalents in an escrow account at Evolve Bank & Trust in connection with the sale of our common stock pursuant to the terms set forth in our prospectus dated September 18, 2012. As outlined in the prospectus, the Company will be entitled to utilize up to 10% of the proceeds remaining after underwriting commissions, underwriting expenses and dealer allowances have been met in as much as the minimum offering of 50,000 shares has been reached. Per the prospectus, in the event an acquisition is not consummated within 18 months of the effective date of the prospectus or by March 18, 2014, the unused deposited funds will be returned on a pro rata basis to all investors. Based upon the terms of the prospectus, the Company has classified the restricted funds as a liability as of September 30, 2013.

Note 5. Accounts Payable-Related Party

During the period from inception (April 7, 2011) to September 30, 2013, a related party, a company in which the Secretary-Treasurer and CFO of the Company is also serving as CFO, has paid \$44,760 on the behalf of the Company and \$41,610 is outstanding on September 30, 2013.

Note 6. Stockholder's Deficit

The total number of shares of common stock which the Company shall have authority to issue is 100,000,000 shares with a par value of \$0.001. This promissory note has been repaid through consulting services performed by Mr. McRobbie-Johnson.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Item 2 of Part I of this report include forward-looking statements. These forward looking statements are based on our management's current expectations and beliefs and involve numerous risks and uncertainties that could cause actual results to differ materially from expectations. In some cases, you can identify forward-looking statements by terminology such as "may," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," "proposed," "intended," or "continue" or the negative of these terms or other comparable terminology. You should read statements that contain these words carefully, because they discuss our expectations about our future operating results or our future financial condition or state other "forward-looking" information. Many factors could cause our actual results to differ materially from those projected in these forward-looking statements, including but not limited to: variability of our future revenues and financial performance; risks associated with product development and technological changes; the acceptance of our products in the marketplace by potential future customers; general economic conditions. You should be aware that the occurrence of any of the events described in this Quarterly Report could substantially harm our business, results of operations and financial condition, and that upon the occurrence of any of these events, the trading price of our securities could decline. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, growth rates, levels of activity, performance or achievements. We are under no duty to update any of the forward-looking statements after the date of this Quarterly Report to conform these statements to actual results.

THE COMPANY

Business Overview

Dignyte, Inc. ("Dignyte" or the "Company"), was incorporated in the State of Nevada on April 7, 2011, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company has been in the developmental stage since inception and has no operations to date. Other than issuing shares to its original shareholders, the Company never commenced any operational activities.

The Company was formed for the purpose of creating a corporation which could be used to consummate a merger or acquisition.

In November 2011, the Company's board of directors and shareholders approved a four for one (4:1) forward stock split and an increase in its authorized capital to 100 million shares of common stock and 10 million shares of blank check preferred stock. In accordance therewith, on November 10, 2011, the Company filed a Certificate of Amendment to its Articles of Incorporation. All references herein to the Company's authorized and issued capital stock are based on its capitalization after the above corporate action.

As shown in the financial statements accompanying this Quarterly Report, the Company has had no revenues to date and has incurred only losses since its inception. The Company has had no operations and has been issued a "going concern" opinion from our auditors, based upon the Company's reliance upon the sale of our common stock as the sole source of funds for our future operations.

Dignyte, Inc.'s operations and corporate offices are located at 605 W. Knox Rd., Suite 202, Tempe, AZ 85284, with a telephone number of (480) 588-3337.

Dignyte Inc.'s fiscal year end is December 31.

Results of Operations for the three and nine months ended September 30, 2013 and 2012.

The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this Quarterly Report.

Operating Expenses

Operating expenses during the three months ended September 30, 2013 totaled \$3,702 compared to \$16,470 for the same period in 2012. Operating expenses for the nine months ended September 30, 2013 totaled \$17,767 compared to \$23,458 for the same period in 2012. Operating expenses for the three months ended September 30, 2013 as compared to the same period in 2012 decreased as our primary expense related to professional fees decreased. Operating expenses for the nine months ended September 30, 2013 compared to the same period in 2012 decreased primarily as a result of the decrease in professional fees stemming from our regulatory reporting obligations.

Net Loss

Net loss during the three months ended September 30, 2013 totaled \$3,695 compared to \$16,523 for the same period in 2012. Net loss for the nine months ended September 30, 2013 totaled \$17,819 compared to \$23,511 for the same period in 2012. The changes in the net loss are a result of the changes in the operating expenses as discussed above.

Liquidity and Capital Resources

The Company had \$1,500 cash as of September 30, 2013 and \$0 as of December 31, 2012. The Company had \$41,870 and \$26,000 of restricted cash as of September 30, 2013 and December 31, 2012, respectively. Since the minimum offering of 50,000 shares has been reached, up to 10% of the proceeds remaining after underwriting commissions, underwriting expenses and dealer allowances or \$4,650 was available to the Company. During the nine months ended September 30, 2013, \$3,150 was withdrawn by the Company and used to reduce the accounts payable-related party. Net cash used in operating activities was \$3,130 for the nine months ended September 30, 2013, compared to \$0 for the same period in 2012.

Net cash provided by financing activities during the nine months ended September 30, 2013, was \$4,630 compared to \$0 for the same period in 2012.

There were 465,000 shares of our common stock issued during the nine months ended September 30, 2013, of which 150,000 were issued during the three months ended September 30, 2013. Cash for these shares in the amount of \$26,000 was received in the year ended December 31, 2012 and \$20,500 was received during the nine months ended September 30, 2013. All cash was deposited in an escrow account as provided for under the terms of our offering of securities as set forth in our September 18, 2012 prospectus. During the period ended September 30, 2013, there were no warrants exercised.

We had not yet earned any revenues and are a shell company with no current or short term planned operations. As a result, our current cash position is not sufficient to fund our cash requirements during the next twelve months including operations and capital expenditures.

We had assets at September 30, 2013 of \$43,370. We will be reliant upon shareholder loans, private placements or public offerings of equity to fund any kind of operations. We have secured no sources of loans.

Off-Balance Sheet Arrangements

There are no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.
