In the Registrant’s Definitive Information Statement filed with the SEC on March 1, 2017, we disclosed that our Board of Directors based upon the Joint Written Consent of our Majority Consenting Stockholders had authorized a reverse split of our outstanding shares of common stock on a ratio not to exceed one for twenty (1:20) within 180 days from March 1, 2017. In response to inquiries from a number of our stockholders, our Management and Board of Directors want our stockholders and the public markets to understand that we will continue to evaluate when and if to implement any reverse split as well as any ratio thereof. Our evaluation process will take into consideration the potential impact any reverse will have on our future plans which may include application for acceptance to a national exchange, such as NASDAQ Capital Market, and will be timed to coincide with any listing application.
