PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement and the accompanying proxy are being furnished with respect to the solicitation of proxies by the Board of Directors (the "Board") of Petro River Oil Corp., a Delaware corporation (the "Company"), for the 2015 Annual Meeting (the "Annual Meeting") of the Stockholders to be held at 9:00 AM Eastern Time on July 8, 2015 and at any adjournment or adjournments thereof, at the Company's New York office, located at 205 East 42nd Street, 16th Floor, New York, New York 10017.

These proxy solicitation materials were mailed on or about May __, 2015, to all stockholders entitled to notice of, and to vote at our Annual Meeting. The proxy materials are also available free of charge on the Internet at www.proxyconnect.com/petroriver. Stockholders are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, stockholders do not need to attend the Annual Meeting to vote. Instead, stockholders may simply complete, sign and return the enclosed proxy card.

We will bear the expense of solicitation of proxies for the Annual Meeting, including the printing and mailing of this Proxy Statement. We may request persons, and reimburse them for their expenses with respect thereto, who hold stock in their name or custody or in the names of nominees for others to forward copies of such materials to those persons for whom they hold Common Stock (as defined below) and to request authority for the execution of the proxies. In addition, some of our officers, directors and employees, without additional compensation, may solicit proxies on behalf of the Board of Directors personally or by mail, telephone or facsimile.

VOTING SECURITIES, VOTING AND PROXIES

Record Date

Only stockholders of record of our common stock, \$0.00001 par value (the "Common Stock"), as of the close of business on May __, 2015 (the "Record Date") are entitled to notice and to vote at the Annual Meeting and any adjournment or adjournments thereof.

Voting Stock

As of the Record Date, there were _____ shares of Common Stock outstanding. Each holder of Common Stock on the Record Date is entitled to one vote for each share then held on the matter to be voted at the Annual Meeting. No other class of voting securities was then outstanding.

Quorum

The presence at the Annual Meeting of a majority of the outstanding shares of Common Stock as of the Record Date, in person or by proxy, is required for a quorum. Should you submit a proxy, even though you abstain as to the proposal, or you are present in person at the Annual Meeting, your shares shall be counted for the purpose of determining if a quorum is present.

Broker "non-votes" are included for the purposes of determining whether a quorum of shares is present at the Annual Meeting. A broker "non-vote" occurs when a nominee holder, such as a brokerage firm, bank or trust company, holding shares of record for a beneficial owner, does not vote on a particular proposal because the nominee holder does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

Voting

The proposals set forth in this proxy statement require the following votes for approval at the Annual Meeting:

Proposal No. 1: Election of Directors. For the four nominees who receive the greatest number of votes cast at the Annual Meeting by the shares present in person or by proxy and entitled to vote will be elected. For purposes of the Proposal No. 1, abstentions and broker “non-votes” will have no effect on the outcome.

Proposal No. 2: Reverse Stock Split. For the approval of a stockholder resolution to authorize the Board of Directors, in its sole and absolute discretion, without further action of the stockholders, to amend our Certificate of Incorporation to implement a reverse stock split of our Common Stock, at a ratio of not less than 1-for-2 and not greater than 1-for-250 within one year from the date of the Annual Meeting, with the exact ratio to be determined by the Board of Directors (the “*Reverse Split*”), the number of votes cast “FOR” must exceed the number of votes cast “AGAINST” Proposal No. 2.

Proposal No. 3: Authorized Share Increase. For the approval of a stockholder resolution to authorize the Board of Directors, in its sole and absolute discretion, without further action of the stockholders, to amend our Certificate of Incorporation immediately following the Reverse Split to increase the total number of authorized shares of our Common Stock to 100.0 million post-Reverse Split shares (“*Authorized Share Increase*”), the number of votes cast “FOR” must exceed the number of votes cast “AGAINST” Proposal No. 3.

Proposal No. 4: Ratification of Appointment of Auditors. To ratify the appointment of Marcum LLP as our independent auditors for the fiscal year ending April 30, 2016, the number of votes cast “FOR” must exceed the number of votes cast “AGAINST” Proposal No. 4.

If you are the beneficial owner, but not the registered holder of shares of Common Stock, you cannot directly vote those shares at the Annual Meeting. You must provide voting instructions to your nominee holder, such as your brokerage firm or bank.

If you wish to vote in person at the Annual Meeting but you are not the record holder, you must obtain from your record holder a “legal proxy” issued in your name and bring it to the Annual Meeting.

At the Annual Meeting, ballots will be distributed with respect to the proposal to each stockholder (or the stockholder’s proxy if not the management proxy holders) who is present and did not deliver a proxy to the management proxy holders or another person. The ballots shall then be tallied, one vote for each share owned of record. For proposals one through five, the votes will be in three categories: “FOR,” “AGAINST” or “ABSTAIN.”

Proxies

The form of proxy solicited by the Board of Directors affords you the ability to specify a choice among approval of, disapproval of, or abstention with respect to, the matters to be acted upon at the Annual Meeting. Shares represented by the proxy will be voted and, where the solicited stockholder indicates a choice with respect to the matter to be acted upon, the shares will be voted as specified. If no choice is given, a properly executed proxy will be voted in favor of the proposal.

Revocability of Proxies

Even if you execute a proxy, you retain the right to revoke it and change your vote by notifying us at any time before your proxy is voted. Such revocation may be affected by execution of a later dated proxy, or by a written notice of revocation, sent to the attention of the Executive Chairman at the address of our principal office set forth above in the Notice to this Proxy Statement or your attendance and voting at the Annual Meeting. Unless so revoked, the shares represented by the proxies, if received in time, will be voted in accordance with the directions given therein.

You are requested, regardless of the number of shares you own or your intention to attend the Annual Meeting, to sign the proxy and return it promptly in the enclosed envelope.

Interest of Officers and Directors in Matters to Be Acted Upon

None of the officers or directors has any interest in the matters to be acted upon.

Dissenters' Rights of Appraisal

Under the Delaware General Corporation Law and the Company's Bylaws, stockholders are not entitled to any appraisal or similar rights of dissenters with respect to any of the proposals to be acted upon at the Annual Meeting.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

The Company's Board is currently comprised of four members. Vacancies on the Board may be filled by a vote of a majority of the remaining directors, although less than a quorum is present. A director elected by the Board to fill a vacancy shall serve for the remainder of the term of that director and until the director's successor is elected and qualified. This includes vacancies created by an increase in the number of directors.

The Board has recommended for election Scot Cohen, Glenn C. Pollack, John Wallace, and Fred Zeidman (each, a "*Nominee*"). If elected at the Annual Meeting, these directors would serve until the end of their respective terms and until their successors are elected and qualified, or until their earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of Scot Cohen, Glenn C. Pollack, John Wallace, and Fred Zeidman. In the event that any Nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute Nominee as the Board may propose. Each of Scot Cohen, Glenn C. Pollack, John Wallace, and Fred Zeidman has agreed to serve if elected, and we have no reason to believe that they will be unable to serve.

Our directors and Nominees, their ages, biographies (including positions with Petro River Oil Corp.) and the dates of their initial election or appointment as director are as follows:

Our Audit Committee currently consists of two directors, Glenn Pollack, and Fred Zeidman, each of whom are “independent” as independence is currently defined in applicable SEC rules and the NYSE Company Guide. The Board has determined that Glenn Pollack qualifies as an “Audit Committee financial expert,” as defined in applicable SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002. The Board made a qualitative assessment of Mr. Pollack’s level of knowledge and experience based on a number of factors, including his formal education and experience. The Audit Committee held one meeting during the fiscal year ended April 30, 2015.

The Audit Committee is responsible for overseeing the Company’s corporate accounting, financial reporting practices, audits of financial statements and the quality and integrity of the Company’s financial statements and reports. The Compensation Committee operates under the written Compensation Committee Charter that was adopted by the Unanimous Written Consent. A copy of the Compensation Committee Charter is available on the Company’s website.

Board Nominations

In lieu of a formal Board Nomination Committee, Board nomination decisions are made by the independent directors of the Board. The independent directors prepare a list of candidates to fill the expiring terms of directors serving on our Board, which they then submit to the Board who determines which candidates will be nominated to serve on the Board. The names of nominees are then submitted for election at our Annual Meeting of Stockholders. The independent directors also submit to the entire Board a list of nominees to fill any interim vacancies on the Board resulting from the departure of a member of the Board for any reason prior to the expiration of his term. In recommending nominees, the independent directors are to consider various criteria, including general business experience, general financial experience, knowledge of the Company's industry (including past industry experience), education, and demonstrated character and judgment. The independent directors will also consider director nominees recommended by a stockholder if the stockholder mails timely notice to the Secretary of the Company at its principal offices. Any person nominated by a stockholder for election to the Board will be evaluated based on the same criteria as all other nominees.

Code of Ethics

Our current Code of Ethics became effective July 3, 2013. A copy of our Code of Ethics an exhibit to our Transition Report on Form 10-K, filed on August 28, 2013. The Code of Ethics applies to all officers, directors, and employees of the Company.

Our Board of Directors provides stockholders with the ability to send communications to the Board of Directors, and stockholders may do so at their convenience. In particular, stockholders may send their communications to: Board of Directors, c/o Corporate Secretary, Petro River Oil Corp., 1980 Post Oak Boulevard, Suite 2020, Houston, TX 77056. All communications received by the Corporate Secretary are relayed to the Board of Directors of the Company. Members of the Board of Directors are not required to attend the Annual Stockholders Meeting.

Required Vote and Recommendation

The election of directors requires the affirmative vote of a plurality of the voting shares present or represented by proxy and entitled to vote at the Annual Meeting. The four nominees receiving the highest number of affirmative votes will be elected. Unless otherwise instructed or unless authority to vote is withheld, shares represented by executed proxies will be voted "FOR" the election of the nominees.

The Board of Directors recommends that the stockholders vote "FOR" the election of Messrs. Cohen, Pollack, Wallace and Zeidman.

PROPOSAL NO. 2

AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO IMPLEMENT A REVERSE STOCK SPLIT

General

We are asking you to approve a proposal to authorize our Board of Directors, in its sole and discretion, to file an amendment to our Certificate of Incorporation (the "*Amendment*") to affect a reverse stock split of the our Common Stock at a specific ratio to be determined by the Board, ranging from one-for-two (1:2) to one-for-two hundred fifty (1:250) (the "*Reverse Split*"). A vote for this Proposal No. 2 will constitute approval of the Amendment that, once filed with the Delaware Secretary of State, will combine between two and 250 shares of our Common Stock into one share of Common Stock, and will grant the Board of Directors the authority to select which of the approved Reverse Split ratios within that range will be implemented. In approving this proposal, stockholders would also be approving a corresponding decrease in the Company's authorized shares of Common Stock, in the event that the Board elects to exercise its discretion to implement a Reverse Split.

If this Proposal No. 2 is approved by stockholders, the Board of Directors will have the authority, but not the obligation, in its sole and absolute discretion, and without further action on the part of the stockholders, to select one of the approved split ratios and affect the approved Reverse Split by filing the Amendment with the Delaware Secretary of State at any time after the Board's approval of the Reverse Split ratio. If the Amendment has not been filed with the Delaware Secretary of State within one year from the date of the Annual Meeting, the Board will abandon the Amendment.

The text of the proposed Amendment to effect the Reverse Split is included as Appendix A to this Proxy Statement. Such text is however subject to revision for such changes as may be required by the Secretary of State of the State of Delaware, and other changes consistent with this Proposal that we may deem necessary or appropriate.

Purpose of the Reverse Split

Our primary objective in proposing the Reverse Split is to attempt to raise the per share trading price of our Common Stock in order to gain listing on the NYSE MKT or NASDAQ exchange (in either case, an "*Exchange*"). Before our Common Stock may be listed on an Exchange, we must satisfy certain listing requirements. One of these listing requirements is that our Common Stock must have a minimum bid price of \$3.00 per share. On May 19, 2015, the closing price of our common stock on the OTC Bulletin Board (the "*OTCBB*") was \$0.03 per share.

We anticipate that the Reverse Split will increase the per share bid price per share of our Common Stock above \$3.00, and thereby satisfy one of the Exchange's listing requirements. However, we cannot be certain that the Reverse Split will, initially or in the future, have the intended effect of raising the bid price of our Common Stock above \$3.00 per share.

In addition to our desire to be listed on an Exchange, the Board of Directors believes that the low market price of our Common Stock impairs our marketability and acceptance by institutional investors and other members of the investing public, and creates a negative impression of the Company. Theoretically, decreasing the number of shares of Common Stock outstanding should not, by itself, affect the marketability of the shares, the type of investor who would be interested in acquiring them, or our reputation in the financial community. In practice, however, many investors and market makers consider low-priced stocks as unduly speculative in nature and, as a matter of policy, avoid investment and trading in such stocks. The presence of these negative perceptions may adversely affect not only the pricing of our Common Stock but also the trading liquidity. In addition, these perceptions may affect our commercial business and our ability to raise additional capital through equity and debt financings.

We expect that the decrease in the number of outstanding shares of our Common Stock resulting from the Reverse Split, and the anticipated increase in the per share trading price will encourage greater interest in our Common Stock among members of the financial community and the investing public, and possibly create a more liquid market for our stockholders. However, the possibility exists that stockholder liquidity may be adversely affected by the reduced number of shares outstanding if the Reverse Split is affected, particularly if the price per share of our Common Stock begins a declining trend after the Reverse Split takes effect.

Effects of a Reverse Split

If this Proposal No. 2 is approved by our stockholders at the Annual Meeting and our Board of Directors elects to implement a Reverse Split, the principal effect will be to proportionately decrease the number of outstanding shares of Common Stock based on the ratio selected by the Board. The shares of Common Stock are currently registered under Section 12(g) of the Securities Exchange Act of 1934 (the “*Exchange Act*”), and the Company is thus subject to the periodic reporting and other requirements of the Exchange Act in the United States. The Reverse Split will not affect the registration of the Common Stock with the Securities and Exchange Commission (“*SEC*”) or on the OTCBB, where the Common Stock is quoted. Following the Reverse Split, the Common Stock will continue to be quoted on OTCBB, although the shares will receive a new CUSIP number.

Proportionate voting rights and other rights of the holders of shares of the Company’s Common Stock will not be affected by the Reverse Split, other than as a result of the treatment of fractional shares as described below. For example, a holder of 2% of the voting power of the outstanding shares immediately prior to the effectiveness of the Reverse Split will generally continue to hold 2% of the voting power of the outstanding Common Stock after the Reverse Split. The number of stockholders of record will not be affected by a Reverse Split, other than as a result of the treatment of fractional shares as described below.

Effective Date. A Reverse Split would become effective on the date of filing of the Amendment with the office of the Secretary of State of the State of Delaware. On the effective date, shares of Common Stock issued and outstanding and the shares of Common Stock held in treasury, in each case, immediately prior thereto, will be combined and converted, automatically and without any action on the part of the stockholders, into new shares of Common Stock in accordance with the Reverse Split ratio determined by the Board within the limits set forth in this Proposal.

Treatment of Fractional Shares. No fractional shares would be issued if, as a result the Reverse Split, a registered stockholder would otherwise become entitled to a fractional share. Instead, stockholders who otherwise would be entitled to receive fractional shares because they hold a number of shares not evenly divisible by the ratio of the Reverse Split will automatically be entitled to receive an additional share of the Company’s Common Stock. In other words, any fractional share will be rounded up to the nearest whole number.

Effect on the Company’s 2012 Equity Incentive Plan. As of May 19, 2015, the Company had approximately 106,938,281 shares of Common Stock subject to stock options outstanding under the Company’s 2012 Equity Incentive Plan (the “*Plan*”). Should the Reverse Split be implemented, proportionate adjustments will be made to the number of shares outstanding and available for issuance under the Plan following the Reverse Split and to the exercise price, grant price or purchase price relating to any award under the Plan. The Board will determine the treatment of fractional shares subject to stock options under the Plan.

Book-Entry Shares. If a Reverse Split is effectuated, stockholders who hold uncertificated shares (i.e., shares held in book-entry form and not represented by a physical share certificate), either as direct or beneficial owners, will have their holdings electronically adjusted automatically by the Company’s transfer agent (and, for beneficial owners, by their brokers or banks that hold in “street name” for their benefit, as the case may be) to give effect to the Reverse Split.

Stockholders who hold uncertificated shares as direct owners will be sent a statement of holding from the Company’s transfer agent that indicates the number of shares owned in book-entry form.

Certificated Shares. If a Reverse Split is effectuated, stockholders holding certificated shares (i.e., shares represented by one or more physical share certificates) will receive a transmittal letter from the Company’s transfer agent promptly after the effectiveness of the Reverse Split. The transmittal letter will be accompanied by instructions specifying how stockholders holding certificated shares can exchange certificates representing the pre-split shares for a statement of holding.

Beginning after the effectiveness of the Reverse Split, each certificate representing pre-split shares will be deemed for all corporate purposes to evidence ownership of post-split Common Stock.

STOCKHOLDERS SHOULD NOT DESTROY ANY PRE-REVERSE SPLIT STOCK CERTIFICATE AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL THEY ARE REQUESTED TO DO SO.

Certain Risk Factors Associated with the Reverse Split

Reduced Market Capitalization. As noted above, the principal purpose of the Reverse Split will be to raise the price of our Common Stock to obtain a listing on an Exchange. We cannot assure you, however, that the Reverse Split, if implemented, will accomplish this objective. While we expect that the reduction in our outstanding shares of Common Stock will increase the market price of our Common Stock, we cannot assure you that the Reverse Split will increase the market price of our Common Stock by a multiple equal to the number of pre-Reverse Split shares, or result in any permanent increase in the market price, which can be dependent upon many factors, including our business and financial performance and prospects. Should the market price decline after implementation of the Reverse Split, the percentage decline may be greater, due to the smaller number of shares outstanding, than it would have been prior to the Reverse Split. In some cases the share price of companies that have implemented reverse stock splits has subsequently declined back to pre-reverse split levels. Accordingly, we cannot assure you that the market price of our Common Stock immediately after the Reverse Split takes effect will be maintained for any period of time or that the ratio of post and pre-split shares will remain the same after the Reverse Split is effected, or that the Reverse Split will not have an adverse effect on our stock price due to the reduced number of shares outstanding after the Reverse Split. A reverse stock split is often viewed negatively by the market and, consequently, can lead to a decrease in our overall market capitalization. If the per share price does not increase proportionately as a result of the Reverse Split, then our overall market capitalization will be reduced.

Increased Transaction Costs. The number of shares held by each individual stockholder will be reduced if the Reverse Split is implemented. This will increase the number of stockholders who hold less than a “round lot,” or 100 shares. Typically, the transaction costs to stockholders selling “odd lots” are higher on a per share basis. Consequently, the Reverse Split could increase the transaction costs to existing stockholders in the event they wish to sell all or a portion of their position.

Liquidity. Although the Board of Directors believes that the decrease in the number of shares of our Common Stock outstanding as a consequence of the Reverse Split and the anticipated increase in the price of our Common Stock could encourage interest in our Common Stock and possibly promote greater liquidity for our stockholders, such liquidity could also be adversely effected by the reduced number of shares outstanding after the Reverse Split.

No Appraisal Rights

Under the Delaware General Corporation Law, stockholders are not entitled to dissenters’ rights of appraisal with respect to the proposed amendment to our Certificate of Incorporation to effect a Reverse Split, and we will not independently provide our stockholders with any such right.

U.S. Federal Income Tax Consequences

The following discussion summarizes certain material U.S. federal income tax consequences relating to the participation in the Reverse Split by a U.S. stockholder that holds the shares as a capital asset. This discussion is based on the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), final, temporary and proposed U.S. Treasury regulations promulgated thereunder and current administrative rulings and judicial decisions, all as in effect as of the date hereof. All of these authorities may be subject to differing interpretations or repealed, revoked or modified, possibly with retroactive effect, which could materially alter the tax consequences set forth herein.

For purposes of this summary, a “U.S. stockholder” refers to a beneficial owner of Common Stock who is any of the following for U.S. federal income tax purposes: (i) a citizen or resident of the United States, (ii) a corporation created or organized in or under the laws of the United States, any state thereof, or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income taxation regardless of its source, or (iv) a trust if (z) its administration is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all of its substantial decisions, or (y) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person. A non-U.S. holder of Common Stock is a stockholder who is not a U.S. stockholder.

This summary does not represent a detailed description of the U.S. federal income tax consequences to a stockholder in light of his, her or its particular circumstances. In addition, it does not purport to be complete and does not address all aspects of federal income taxation that may be relevant to stockholders in light of their particular circumstances or to stockholder that may be subject to special tax rules, including, without limitation: (i) stockholders subject to the alternative minimum tax; (ii) banks, insurance companies, or other financial institutions; (iii) tax-exempt organizations; (iv) dealers in securities or commodities; (v) regulated investment companies or real estate investment trusts; (vi) traders in securities that elect to use a mark-to-market method of accounting for their securities holdings; (vii) foreign stockholders or U.S. stockholders whose “functional currency” is not the U.S. dollar; (viii) persons holding Common Stock as a position in a hedging transaction, “straddle,” “conversion transaction” or other risk reduction transaction; (ix) persons who acquire shares of Common Stock in connection with employment or other performance of services; (x) dealers and other stockholders that do not own their shares of Common Stock as capital assets; (xi) U.S. expatriates, (xii) foreign entities; or (xiii) non-resident alien individuals. Moreover, this description does not address the U.S. federal estate and gift tax, alternative minimum tax, or other tax consequences of the Reverse Split.

There can be no assurance that the IRS will not take a contrary position to the tax consequences described herein or that such position will be sustained by a court. In addition, U.S. tax laws are subject to change, possibly with retroactive effect, which may result in U.S. federal income tax considerations different from those summarized below. No opinion of counsel or ruling from the IRS has been obtained with respect to the U.S. federal income tax consequences of the Reverse Split.

This discussion is for general information only and is not tax advice. All stockholders should consult their own tax advisors with respect to the U.S. federal, state, local and non-U.S. tax consequences of the Reverse Split.

Based on the assumption that the Reverse Split will constitute a tax-free reorganization within the meaning of Section 368(a)(1)(E) of the Code, and subject to the limitations and qualifications set forth in this discussion and the discussion below regarding the treatment of cash paid in lieu of fractional shares, the following U.S. federal income tax consequences should result from a Reverse Split:

- A stockholder should not recognize gain or loss in the Reverse Split;
- the aggregate tax basis of the post-Reverse Split shares should be equal to the aggregate tax basis of the pre-Reverse Split shares ; and
- the holding period of the post-Reverse Split shares should include the holding period of the pre-Reverse Split shares.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN FEDERAL INCOME TAX CONSEQUENCES OF THE REVERSE SPLIT AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL POTENTIAL TAX EFFECTS RELEVANT THERETO. YOU SHOULD CONSULT YOUR OWN TAX ADVISORS AS TO THE PARTICULAR FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX CONSEQUENCES OF THE REVERSE SPLIT IN LIGHT OF YOUR SPECIFIC CIRCUMSTANCES.

Vote Required for Approval

The affirmative vote of the holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Annual Meeting is required to approve this proposal. Abstentions will have the same effect as shares voted against the Reverse Split proposal and broker non-votes will not occur in connection with this proposal.

Board of Directors Recommendation

The Board recommends that you vote “FOR” granting the Board authorization to amend our Certificate of Incorporation to implement a Reverse Split of our Common Stock at a ratio of between 1-for-2 and 1-for-250.

PROPOSAL NO. 3

AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK

The fourth paragraph of our Certificate of Incorporation currently reads as follows:

“**FOURTH:** The total number of shares of stock the Corporation is authorized to issue is 2,255,000,000 shares, consisting of 5,000,000 shares of preferred stock, par value \$0.00001 per share (the “Preferred Stock”), and 2,250,000,000 shares of common stock, par value \$0.00001 per share (the “Common Stock”).”

In the event stockholders approve Proposal No. 2 and a Reverse Split effectuated, our authorized shares of Common Stock will be reduced by the Reverse Split ratio selected by our Board of Directors. In order to ensure that we have enough shares of Common Stock authorized for issuance under our Certificate of Incorporation, our Board of Directors has approved and recommends to that stockholders approve of an amendment to our Certificate of Incorporation to increase the authorized number of shares of Common Stock to 100.0 million shares (the “*Authorized Share Increase*”), which Authorized Share Increase will only take place following the implementation of a Reverse Split. **If this Proposal No. 3 is approved by stockholders, the Board of Directors will only have the authority to effectuate the Authorized Share Increase following implementation of the Reverse Split.**

Only the number of shares of Common Stock issuable by the Company, and not any other provision of the Company’s Certificate of Incorporation will be affected Authorized Share Increase. If approved at the Annual Meeting, we will file an amendment, in substantially the form attached hereto as Appendix B, with the Delaware Secretary of State to implement the Authorized Share Increase immediately following the filing of the Amendment to implement the Reverse Split.

Description of our Capital Stock

General

Our authorized capital stock currently consists of 2.25 billion shares of Common Stock and 5.0 million shares of Preferred Stock. The following is a description of our Common Stock and certain provisions of our Certificate of Incorporation, as amended, and our Bylaws, and certain provisions of Delaware law. This summary does not purport to be complete and is qualified in its entirety by the provisions of our Certificate of Incorporation, as amended, and our Bylaws, copies of which have been filed with the SEC as exhibits to our periodic filings under the Exchange Act.

Common Stock

Except as otherwise expressly provided in our Certificate of Incorporation or as required by applicable law, all shares of our Common Stock have the same rights and privileges and rank equally, share ratably and are identical in all respects as to all matters, including, without limitation, those described below. All outstanding shares of Common Stock are fully paid and nonassessable.

Voting rights. Each holder of our Common Stock is entitled to cast one vote for each share of Common Stock held on all matters submitted to a vote of stockholders. Cumulative voting for election of directors is not allowed under our articles of incorporation, as amended, which means that a plurality of the shares voted could elect all of the directors then outstanding for election. Except as otherwise provided under Delaware law or our Certificate of Incorporation and our Bylaws, on matters other than election of directors, action on a matter is approved if the votes cast favoring the action exceed the votes cast opposing the action

Dividend rights. The holders of outstanding shares of our Common Stock are entitled to receive dividends out of funds legally available, if our board of directors, in its discretion, determines to issue dividend, and only at the times and in the amounts that our board of directors may determine. Our Board of Directors is not obligated to declare a dividend. We have not paid any dividends in the past and we do not intend to pay dividends in the foreseeable future.

Liquidation rights. Upon our liquidation, dissolution or winding-up, the holders of our Common Stock will be entitled to share equally, identically and ratably in all assets remaining, subject to the prior satisfaction of all outstanding debt and liabilities and the preferential rights and payment of liquidation preferences, if any, on any outstanding shares of preferred stock.

No preemptive or similar rights. Our Common Stock is not subject to conversion, redemption, sinking fund or similar provisions regarding the common stock.

Market for our common stock and related stockholder matters. On March 20, 2013 our Common Stock began trading on the OTCBB under the symbol "PTRC." There was no established trading market for our common stock prior to that date.

Purpose of and Rationale for the Authorized Share Increase

We are currently authorized to issue a total of 2.25 billion million shares of Common Stock. Of this amount, _____ shares of Common Stock were outstanding as of the Record Date, which amount will be reduced by the Reverse Split ratio selected by the Board of Directors in the event stockholders approve of the Amendment and the Reverse Split set forth in Proposal No. 2 and a Reverse Split is effectuated by the Board. In addition to shares of Common Stock issued and outstanding, we are required to reserve sufficient shares of Common Stock for issuance upon conversion or exercise of our outstanding convertible securities.

The Authorized Share Increase will provide the Company with sufficient authorized but unissued Common Stock to permit conversion and exercise of all of its currently outstanding securities. Additionally, the Authorized Share Increase will enable us to respond quickly to opportunities to raise capital in public or private offerings. The availability of additional authorized shares will enable our Board of Directors to act with flexibility to issue shares of Common Stock in connection with future financings, strategic acquisitions, debt restructurings or resolutions, equity compensation and incentives to employees and officers, forward stock splits and other favorable opportunities that may arise to enhance our capital structure.

If, however, stockholders do not consent to the Authorized Share Increase, we will have a disproportionate number of authorized shares of Common Stock following a Reverse Split compared to the number of shares issued and outstanding, something that may make our Common Stock less marketability and acceptable by institutional investors and other members of the investing public, and may create a negative impression of the Company.

We believe that the Authorized Share Increase will provide the Company proportionate balance of authorized shares to issued and outstanding shares of Common Stock following the Reverse Split, if effected. Other than as specified above and as permitted or required under outstanding options, warrants and other securities convertible into shares of our Common Stock, the Company has no present arrangements, agreements or understandings for the use of the additional shares proposed by the Authorized Share Increase. We reserve the right to seek a further increase in authorized shares, from time to time in the future as appropriate.

Effect on Outstanding Common Stock

The additional shares of Common Stock authorized by the Authorized Share Increase will have the same privileges as the shares of Common Stock currently authorized and issued. Stockholders do not have preemptive rights under our Articles of Incorporation and will not have such rights with respect to the additional authorized shares of Common Stock. The Authorized Share Increase would not affect the terms or rights of holders of existing shares of Common Stock. All outstanding shares of Common Stock will continue to have one vote per share on all matters to be voted on by our stockholders, including the election of directors.

The issuance of any additional shares of Common Stock may, depending on the circumstances under which those shares are issued, reduce stockholders' equity per share and, unless additional shares are issued to all stockholders on a pro rata basis, will reduce the percentage ownership of Common Stock of existing stockholders. In addition, if our Board of Directors elects to issue additional shares of Common Stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders. We expect, however, to receive consideration for any additional shares of Common Stock issued, thereby reducing or eliminating any adverse economic effect to each stockholder of such dilution.

The Authorized Share Increase will not otherwise alter or modify the rights, preferences, privileges or restrictions of the Common Stock.

Anti-Takeover Effects

Although the Authorized Share Increase is not motivated by anti-takeover concerns and is not considered by our Board of Directors to be an anti-takeover measure, the availability of additional authorized shares of Common Stock could enable the Board of Directors to issue shares defensively in response to a takeover attempt or to make an attempt to gain control of the Company more difficult or time-consuming. For example, shares of Common Stock could be issued to purchasers who might side with management in opposing a takeover bid that the Board of Directors determines is not in our best interests, thus diluting the ownership and voting rights of the person seeking to obtain control of the Company. In certain circumstances, the issuance of Common Stock without further action by the stockholders may have the effect of delaying or preventing a change in control of the Company, may discourage bids for our Common Stock at a premium over the prevailing market price and may adversely affect the market price of our Common Stock. As a result, increasing the authorized number of shares of our Common Stock could render more difficult and less likely a hostile takeover, tender offer or proxy contest, assumption of control by a holder of a large block of our stock, and the possible removal of our incumbent management. We are not aware of any proposed attempt to take over the Company or of any present attempt to acquire a large block of our Common Stock.

Required Approvals

The affirmative vote of the holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Annual Meeting is required to approve this Proposal. Abstentions will have the same effect as shares voted against this Proposal and broker non-votes will not occur in connection with this proposal.

Board of Directors Recommendation

The Board recommends that you mark the box entitled “FOR” granting the Board authorization to amend our Certificate of Incorporation to implement Authorized Share Increase.

PROPOSAL NO. 4

RATIFICATION OF THE APPOINTMENT OF TARVARAN, ASKELSON & COMPANY, LLC TO SERVE AS OUR REGISTERED PUBLIC ACCOUNTING FIRM FOR THE CURRENT FISCAL YEAR

The Board of Directors has appointed Marcum LLP (“*Marcum*”) as our independent registered public accounting firm for the current fiscal year and hereby recommends that the stockholders ratify such appointment.

The Board of Directors may terminate the appointment of *Marcum* as the Company’s independent registered public accounting firm without the approval of the stockholders whenever the Board of Directors deems such termination necessary or appropriate.

Representatives of *Marcum* will be present at the Annual Meeting, or available by telephone, and will have an opportunity to make a statement if they so desire and to respond to appropriate questions from stockholders.

Principal Accountant Fees and Services

Audit Fees

During the fiscal years ended April 30, 2015 and 2014, the fees for *Marcum* LLP were approximately \$112,000 and \$273,000, respectively.

Tax Fees

During the fiscal years ended April 30, 2015 and 2014, the fees paid to *Marcum* LLP for tax compliance, tax advice and tax planning were approximately \$110,500 and \$52,800, respectively.

All Other Fees

During the fiscal years ended April 30, 2015 and April 30, 2014 there were no fees billed for products and services provided by the principal accountants other than those set forth above.

The Audit Committee has reviewed the above fees for non-audit services and believes such fees are compatible with the independent registered public accountants' independence.

Required Vote and Recommendation

Ratification of the selection of Marcum as the Company's independent auditors for the fiscal year ending April 30, 2016 requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting. Under the Delaware General Corporation Law and the Company's Certificate of Incorporation and Bylaws, an abstention will have the same legal effect as a vote against the ratification of Marcum, and each broker non-vote will reduce the absolute number, but not the percentage, of affirmative votes necessary for approval of the ratification. Unless otherwise instructed on the proxy or unless authority to vote is withheld, shares represented by executed proxies will be voted "FOR" the ratification of Marcum as the Company's independent auditors for the fiscal year ending April 30, 2016.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the selection of Marcum LLP as the Company's independent auditors for the fiscal year ending April 30, 2016.

Elements of compensation for our executive officers include base salary and bonuses paid as stock options pursuant to the Company's Amended and Restated 2012 Equity Compensation Plan (the "*Plan*"). Company performance does not play a significant role in the determination of base salary.

The Compensation Committee, working in conjunction with the Executive Chairman, reviews and makes recommendations to the Board regarding all forms of compensation to be provided to officers and directors of the Company, including all bonus and stock compensation. The Compensation Committee may also set general compensation goals and guidelines for the Company's employees from time to time.

On November 27, 2013, the Company entered into an employment agreement with Daniel Smith, who was appointed Executive Vice President, Operations of the Company on July 7, 2013. Mr. Smith's agreement is the same in all material respects to Mr. Alba's agreement.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Separation and Release Agreement

In addition, in June and July of 2013, the Company signed a series of agreements with Jeffrey Freedman, former Chief Executive Officer, in relation to his departure from the Company. Pursuant to these agreements, the Company has provided to Mr. Freedman the sum of \$12,000 and issued 465,116 options to purchase common stock with a \$56,047 aggregate fair value as of the July 24, 2013 option grant date. These options will expire on July 23, 2016 and have an exercise price of \$0.215. The Company computed the economic benefit of the grant as of the date of grant utilizing a Black-Scholes option-pricing model. The options were immediately vested and the Company recorded the \$56,047 to general and administrative expense on the date of grant.
