ACTION I

TO AUTHORIZE THE BOARD OF DIRECTORS TO EFFECTUATE THE AMENDMENT OF THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE COMPANY'S AUTHORIZED COMMON STOCK

The Board of Directors and the holders of a majority of the voting power of the Company's shareholders have adopted resolutions approving an amendment to the Company's Articles to increase the number of authorized shares of Common Stock of the Company (the "Increase of Authorized Common Stock"), as described below.

The form of the amendment to the Company's Articles of Incorporation to increase the Company's authorized shares of common stock will be substantially as set forth on Appendix A (subject to any changes required by applicable law). The Increase of Authorized Common Stock would authorize the Company's Board of Directors to effect an Increase of Authorized Common Stock of the Company from 250,000,000 shares to 4,000,000,000 shares.

Reasons for the Increase of Authorized Common Stock

The general purpose of the Increase of Authorized Common Stock is to enhance the Company's ability to finance the development and operation of its business.

Potential uses of the additional authorized shares of common stock may include public or private offerings, conversions of convertible securities, issuance of options pursuant to employee benefit plans, acquisition transactions and other general corporate purposes. Increasing the authorized number of shares of the Common Stock will give the Company greater flexibility and will allow the Company to issue such shares in most cases without the expense or delay of seeking stockholder approval. Except as previously disclosed in the Company's annual, quarterly and current reports with the SEC, and except with regard to the issuance of shares to fulfill obligations under outstanding convertible notes, the Company currently has no specific agreements with respect to the additional authorized but unissued shares of Common Stock and has no specific plans to issue any such shares. However, the Company may in the future issue shares of its Common Stock in connection with financing transactions and other corporate purposes which its Board of Directors believes will be in the best interest of the Company's stock holders. Shares of Common Stock carry no pre-emptive rights to purchase additional shares.

Effect of the Increase of Authorized Common Stock

The Increase of Authorized Common Stock will not have any immediate effect on the rights of existing stockholders and, except as previously disclosed in the Company's annual, quarterly and current reports with the SEC and except with regard to the issuance of shares to fulfill obligations under outstanding convertible notes, the Company currently has no specific agreements with respect to the additional authorized but unissued shares of Common Stock and has no specific plans to issue any such shares. However, the Company's board of directors will have the authority to issue authorized shares of common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law or exchange regulations. To the extent that additional authorized shares of common stock are issued in the future, they will decrease the existing stockholders' percentage equity ownership and, depending upon the price at which they are issued, could be dilutive to the existing stockholders.

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company without further action by the stockholders. Shares of authorized and unissued common stock could be issued (within limits imposed by applicable law) in one or more transactions. Any such issuance of additional shares could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

No Appraisal Rights

Under Nevada law and the Company's charter documents, holders of the Company's Common Stock will not be entitled to dissenter's rights or appraisal rights with respect to the Increase of Authorized Common Stock.

Interests of Certain Persons in the Action

Certain of the Company's officers and directors have an interest in this action as a result of their ownership of shares of the Company's common stock, as set forth in the section entitled "Security Ownership of Certain Beneficial Owners and Management" above. However, the Company does not believe that its officers or directors have interests in this action that are different from or greater than those of any other of our stockholders.
