ACTION: TO AMEND THE AMENDED AND RESTATED ARTICLES OF INCORPORATION

On August 21, 2017, our Board of Directors approved, subject to receiving the approval of the holders of a majority of our outstanding capital stock, an amendment to our Amended and Restated Articles of Incorporation (the "Amendment"). The Majority Stockholders approved the Amendment pursuant to a written consent dated as of August 21, 2017. The Amendment effecting the name change effective following filing with the Secretary of State of the State of Nevada, which will occur promptly following the 20th day after the mailing of this Information Statement to our stockholders as of the Record Date.

The proposed amendment to the amended and restated articles of incorporation of the corporation are modifications determined by our Board of Directors to be necessary in order to better reflect our business and to achieve its overall business objectives. The consents being sought and obtained will allow our management to exercise on its duties and responsibilities to protect our assets and shareholders by providing the ability to make timely and effective decisions.

As disclosed in our SEC filings, we have entered into an Acquisition Agreement with Sun Pacific Power Corp. pursuant to what the Board of Directors believes is the best interest of shareholders long term. Sun Pacific Power Corp. through its own operations and its subsidiaries, provide multiple revenue streams through construction, electrical and plumbing operations which are complimented with technology development of patented glassless solar products currently in development as well as a revenue model based on advertising through strategic arrangements with municipalities. No financings have been negotiated to date, however, we do want to have the proper corporate structure in place so that we can secure the financing required to execute on the Sun Pacific Power Corp. business plan.

The principle change in the Amendment is contained in Article 1 of the Amended and Restated Articles of Incorporation of the Corporation (although readers are urged to review the entire Amended and Restated Articles of Incorporation). As stated in Article 1 of the Amended and Restated Articles of Incorporation of the Corporation, the name of the Company will be changed to Sun Pacific Holdings Corp. to better reflect the operations of the Company going forward.

We may issue and dispose of any of the authorized and unissued shares of Common or Preferred Stock for such consideration not less than par value, as may be fixed from time to time by our Board of Directors without action by the stockholders. Our Board of Directors may provide for payment therefore to be received by us in cash, property, or services. Any and all such shares of the Common or Preferred Stock and for which consideration so fixed by our Board of Directors has been paid or delivered, shall be deemed fully paid stock and shall not be liable to any further call or assessment thereon.

Reasons for the Amendment to the Articles of Incorporation

The amendment to the Amend and Restated Articles of Incorporation will better reflect the operations of the Company going forward as the operations of Sun Pacific Power Corp. and its subsidiaries will make up the bulk of the Company's business.

ACTION: TO APPROVE REVERSE SPLIT

On August 21, 2017, our Board of Directors approved, subject to receiving the approval of the holders of a majority of our outstanding capital stock, the pre-approval, a Reverse Split, whereby all of the outstanding shares of our Common Stock will be automatically converted into a smaller number of shares, at the reverse split ratio of up to 1:50. There would be no corresponding change in the authorized shares of common stock or preferred stock, unless otherwise set forth in one or more designations of certain classes or series of preferred stock.

Reasons for Reverse Split

A Reverse Split is intended to reduce the number of outstanding shares in an effort to increase the market value of the remaining outstanding shares. In approving a Reverse Split, the Directors considered that the Company's Common Stock may not appeal to brokerage firms that are reluctant to recommend lower priced securities to their clients. Investors may also be dissuaded from purchasing lower priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for such stocks. Moreover, the analysts at many brokerage firms do not monitor the trading activity or otherwise provide coverage of lower priced stocks. The Directors also believe that most investment funds are reluctant to invest in lower priced stocks.

However, the effect of a Reverse Split upon the market price for the Company's Common Stock cannot be predicted with certainty, and the history of similar stock split combinations for companies in like circumstances is varied. There can be no assurance that the market price per share of the Company's Common Stock after a Reverse Split will rise in proportion to the reduction in the number of shares of Common Stock outstanding resulting from a Reverse Split. The market price of the Company's Common Stock may also be based on its performance and other factors, some of which may be unrelated to the number of shares outstanding.

Potential Risks of a Reverse Split

There can be no assurance that the bid price of the Company's Common Stock will continue at a level in proportion to the reduction in the number of outstanding shares resulting from a Reverse Split, that a Reverse Split will result in a per share price that will increase its ability to attract investors, employees and other service providers, or that the market price of the post-split Common Stock can be maintained. The market price of the Company's Common Stock will also be based on its financial performance, market condition, the market perception of its future prospects and the Company's industry as a whole, as well as other factors, many of which are unrelated to the number of shares outstanding. If the market price of the Company's Common Stock declines after a Reverse Split, the percentage decline as an absolute number and as a percentage of the Company's overall capitalization may be greater than would occur in the absence of a Reverse Split.

Potential Effects of a Reverse Split

General. For each holder of Common Stock the number of shares held will be reduced by a Reverse Split ratio as follows: the number of shares held before the Reverse Split will be divided by up to 50, and if the result has a fractional component, the result will be that each fractional share shall be rounded up to the nearest whole share. By way of example, a shareholder with 51 shares of Common Stock before a Reverse Split (at a ratio of 1:50) will hold 2 shares of Common Stock upon completion of a Reverse Split at a ratio of 1 for 50, and each fractional share shall be rounded up to the nearest whole share.

Accounting Matters. The par value of the Company's Common Stock would remain unchanged at \$0.001 per share after a Reverse Split. Also, the capital account of the Company would remain unchanged, and the Company does not anticipate that any other accounting consequences would arise as a result of a Reverse Split.

Effect on Authorized and Outstanding Shares. Based on the stockholdings at August 21, 2017, there are 162,464,899 shares of Common Stock, 12,00,000 shares of Series A Preferred Stock, and 1,000,000 shares of Series B Preferred Stock, issued and outstanding, respectively. As a result of a Reverse Split, the number of shares of capital stock issued and outstanding (as well as the number of shares of Common Stock underlying any options, warrants, convertible debt or other derivative securities) will be reduced to the number of shares of capital stock issued and outstanding immediately prior to the effectiveness of a Reverse Split, divided by 50. Each fractional share shall be rounded up to the nearest whole share.

There will be no change to the number of authorized shares of Common Stock and Preferred Stock as a result of a Reverse Split.

With the exception of the number of shares issued and outstanding, the rights and preferences of the shares of capital stock prior and subsequent to a Reverse Split will remain the same. It is not anticipated that the Company's financial condition, the percentage ownership of management, the number of shareholders, or any aspect of the Company's business would materially change, solely as a result of a Reverse Split.

A Reverse Split will affect all of our shareholders uniformly and will not affect any shareholder's percentage ownership interests in the Company or proportionate voting power. A Reverse Split will not alter the respective voting rights and other rights of shareholders.

Increase of Shares of All Classes of Capital Stock Available for Future Issuance. As a result of a Reverse Split, there will be a reduction in the number of shares of Common Stock issued and outstanding and no change to the number of authorized shares of the Company's Common Stock or Preferred Stock under the Company's Articles of Incorporation, as amended and restated. Because the number of issued and outstanding shares of Common Stock will decrease, the number of shares of Common Stock remaining available for issuance in the future will increase.

Effectiveness of The Reverse Split

The Board of Directors has the authority to authorize a Reverse Split of the Common Stock of the Company at a ratio of up to 1:50 after the date that is 20 calendar days after the mailing of this Information Statement to stockholders.

Exchange of Certificates After Split. It will not be necessary for stockholders to exchange their old certificates. However, after the effective date of a Reverse Split, those stockholders who wish to obtain new certificates should contact the transfer agent, *Action Stock Transfer, 2469 Fort Union Blvd #214, Cottonwood Heights, UT 84121*

Tax Impact of the Reverse Split. The following discussion summarizing material federal income tax consequences of a Reverse Split is based on the Internal Revenue Code of 1986, as amended (the "Code"), the applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices in effect on the date this Information Statement was first mailed to shareholders. This discussion does not discuss consequences that may apply to special classes of taxpayers (e.g., non-resident aliens, broker-dealers, or insurance companies). Stockholders should consult their own tax advisors to determine the particular consequences to them.

The receipt of the Common Stock following the effective date of the Reverse Split, solely in exchange for the Common Stock held prior to the Reverse Split, will not generally result in recognition of a gain or loss to the shareholders. Although the issue is not free from doubt, additional shares received in lieu of fractional shares, including shares received as a result of the rounding up of fractional ownership, should be treated in the same manner.

No gain or loss will be recognized by the Company as a result of a Reverse Split. The Company's views regarding the tax consequences of a Reverse Split are not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts would accept the positions expressed above.

THIS SUMMARY IS NOT INTENDED AS TAX ADVICE TO ANY PARTICULAR PERSON. IN PARTICULAR, AND WITHOUT LIMITING THE FOREGOING, THIS SUMMARY ASSUMES THAT THE SHARES OF COMMON STOCK ARE HELD AS "CAPITAL ASSETS" AS DEFINED IN THE CODE, AND DOES NOT CONSIDER THE FEDERAL INCOME TAX CONSEQUENCES TO THE COMPANY'S SHAREHOLDERS IN LIGHT OF THEIR INDIVIDUAL INVESTMENT CIRCUMSTANCES OR TO HOLDERS WHO MAY BE SUBJECT TO SPECIAL TREATMENT UNDER THE FEDERAL INCOME TAX LAWS (SUCH AS DEALERS IN SECURITIES, INSURANCE COMPANIES, FOREIGN INDIVIDUALS AND ENTITIES, FINANCIAL INSTITUTIONS AND TAX EXEMPT ENTITIES). IN ADDITION, THIS SUMMARY DOES NOT ADDRESS ANY CONSEQUENCES OF THE REVERSE SPLIT UNDER ANY STATE, LOCAL OR FOREIGN TAX LAWS. THE STATE AND LOCAL TAX CONSEQUENCES OF THE REVERS SPLIT MAY VARY AS TO EACH STOCKHOLDER DEPENDING ON THE STATE IN, WHICH SUCH STOCKHOLDER RESIDES.

AS A RESULT, IT IS THE RESPONSIBILITY OF EACH SHAREHOLDER TO OBTAIN AND RELY ON ADVICE FROM HIS, HER OR ITS TAX ADVISOR AS TO, BUT NOT LIMITED TO, THE FOLLOWING: (A) THE EFFECT ON HIS, HER OR ITS TAX SITUATION OF THE REVERSE SPLIT, INCLUDING, BUT NOT LIMITED TO, THE APPLICATION AND EFFECT OF STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS; (B) THE EFFECT OF POSSIBLE FUTURE LEGISLATION OR REGULATIONS; AND (C) THE REPORTING OF INFORMATION REQUIRED IN CONNECTION WITH THE REVERSE SPLIT ON HIS, HER OR ITS OWN TAX RETURNS.

IT WILL BE THE RESPONSIBILITY OF EACH SHAREHOLDER TO PREPARE AND FILE ALL APPROPRIATE FEDERAL, STATE AND LOCAL TAX RETURNS.

Share Certificates. Following a Reverse Split, the share certificates you now hold will continue to be valid. In the future, new share certificates will contain a legend reflecting a reverse split, but this in no way will affect the validity of your current share certificates.
