FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2018

TRANSITION REPORT PURSUANT TO SECTION 13 or 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 000-55785

Sun Pacific Holding Corp

(Exact Name of Registrant as Specified in Its Charter)

New Jersey
(State or Other Jurisdiction of
Incorporation or Organization)

90-1119774
(I.R.S. Employer
Identification No.)

215 Gordons Corner Road, Manalapan, New Jersey
(Address of Principal Executive Office)

07726
(Zip Code)

(732) 845-0906
(Registrant's Telephone Number, Including Area Code)

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer
(Do not check if a smaller reporting company)

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

As of August 14, 2018, there were 62,506,697 shares of the registrant's common stock, \$0.0001 par value, outstanding.

FORWARD-LOOKING STATEMENTS

Except for any historical information contained herein, the matters discussed in this quarterly report on Form 10-Q contain certain “forward-looking statements” within the meaning of the federal securities laws. This includes statements regarding our future financial position, economic performance, results of operations, business strategy, budgets, projected costs, plans and objectives of management for future operations, and the information referred to under “Management’s Discussion and Analysis of Financial Condition and Results of Operations.”

These forward-looking statements generally can be identified by the use of forward-looking terminology, such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “continue” or similar terminology, although not all forward-looking statements contain these words. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about our industry, management’s beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond our control. Accordingly, you are cautioned that any such forward-looking statements are not guarantees of future performance and are subject to certain risks, uncertainties and assumptions that are difficult to predict. Although we believe that the expectations reflected in such forward-looking statements are reasonable as of the date made, expectations may prove to have been materially different from the results expressed or implied by such forward-looking statements. Important factors that may cause actual results to differ from projections include, for example:

- the success or failure of management’s efforts to implement our business plan;
- our ability to fund our operating expenses;
- our ability to compete with other companies that have a similar business plan;
- the effect of changing economic conditions impacting our plan of operation; and
- our ability to meet the other risks as may be described in future filings with the Securities and Exchange Commission (the “SEC”).

Unless otherwise required by law, we also disclaim any obligation to update our view of any such risks or uncertainties or to announce publicly the result of any revisions to the forward-looking statements made in this quarterly report on Form 10-Q.

When considering these forward-looking statements, you should keep in mind the cautionary statements in this quarterly report on Form 10-Q and in our other filings with the SEC. We cannot assure you that the forward-looking statements in this quarterly report on Form 10-Q will prove to be accurate. Furthermore, if our forward-looking statements prove to be inaccurate, the inaccuracy may prove to be material. In light of the significant uncertainties in these forward-looking statements, you should not regard these statements as a representation or warranty by us or any other person that we will achieve our objectives and plans in any specified time-frame, or at all.

SUN PACIFIC HOLDING CORP.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
THREE AND SIX MONTHS ENDED JUNE 30, 2018 AND 2017
(Unaudited)

NOTE 1 - DESCRIPTION OF THE BUSINESS

Organization

The Company was incorporated under the laws of the State of New Jersey on July 28, 2009, as Sun Pacific Power Corporation and together with its subsidiaries, are referred to as the “Company”. On August 24, 2017, the Company entered into an Acquisition Agreement with EXOlifestyle, Inc. whereby the Company became a wholly owned subsidiary of EXOlifestyle, Inc. The acquisition was accounted for as a reverse merger, resulting in the Company being considered the accounting acquirer. Accordingly, the accompanying condensed consolidated financial statements included the accounts of EXOlifestyle, Inc. since August 24, 2017.

On October 3, 2017, pursuant to the written consent of the majority of the shareholders in lieu of a meeting, Sun Pacific Holding Corp., f/k/a EXOlifestyle, Inc. (the “Company”) filed a Certificate of Amendment with the state of Nevada to change the name of the Company from EXOlifestyle, Inc. to Sun Pacific Holding Corp. On October 3, 2017, the Company’s board of directors declared a 1 for 50 reverse stock split. All share amounts for all periods presented have been restated to reflect the reverse stock split.

Description of business

Utilizing managements long history in general contracting, coupled with our subject matter expertise and intellectual property (“IP”) knowledge of solar panels and other leading edge technologies, Sun Pacific Holding (“the Company”) is focused on building a “Next Generation” green energy company. The Company offers competitively priced “Next Generation” solar panel and lighting products by working closely with design, engineering, integration and installation firms in order to deliver turnkey solar and other energy efficient solutions. We provide solar bus stops, solar trashcans and “street kiosks” that utilize our unique advertising offerings that provide State and local municipalities with costs efficient solutions. We provide general, electrical, and plumbing contracting services to a range of both public and commercial customers in support of our goals of expanding our green energy market reach. In conjunction with these general contracting services and as part of our effort to expand our green energy marketplace, we have recently started the process to develop and build out a Waste to Energy plant in the state of Rhode Island. A facility that has the ability to handle medical waste that we believe may provide the Company with a model that we can replicate in other jurisdictions across the United States of America.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of estimates in the preparation of financial statements

Preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. Significant estimates include the allowance for doubtful accounts and impairment assessments related to long-lived assets.

Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany balances and transactions have been eliminated.

Cash and cash equivalents

For purposes of the consolidated statements of cash flows, cash includes demand deposits and short-term liquid investments with original maturities of three months or less when purchased. As of June 30, 2018, the Federal Deposit Insurance Corporation (FDIC) provided insurance coverage of up to \$250,000, per depositor, per institution. At June 30, 2018, none of the Company’s cash balances were in excess of federally insured limits.

Accounts Receivable

In the normal course of business, we decide to extend credit to certain customers without requiring collateral or other security interests. Management reviews its accounts receivable at each reporting period to provide for an allowance against accounts receivable for an amount that could become uncollectible. This review process may involve the identification of payment problems with specific customers. Periodically we estimate this allowance based on the aging of the accounts receivable, historical collection experience, and other relevant factors, such as changes in the economy and the imposition of regulatory requirements that can have an impact on the industry. These factors continuously change, and can have an impact on collections and our estimation process. The Company's allowance for doubtful accounts totaled \$169,036 and \$118,221 as of June 30, 2018 and December 31, 2017, respectively.

Contingencies

Certain conditions may exist as of the date financial statements are issued, which may result in a loss but which will only be resolved when one or more future events occur or do not occur. We assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to pending legal proceedings that are pending against us or unasserted claims that may result in such proceedings, we evaluate the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein. If the assessment of a contingency indicates that it is probable that a liability has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in our consolidated financial statements. If the assessment indicates that a potentially material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable would be disclosed.

Fair value of financial instruments

The carrying amounts of the Company's accounts payable, accrued expenses, and shareholder advances approximate fair value due to their short-term nature. The Company's long-term debt approximates fair value based on prevailing market rates.

Property and equipment

Property and equipment is stated at cost. Additions and improvements that significantly add to the productive capacity or extend the life of an asset are capitalized. Maintenance and repairs are expensed as incurred. Depreciation is computed using the straight-line method over three to five years for vehicles and five to ten years for equipment. Leasehold improvements are amortized over the lesser of the estimated remaining useful life of the asset or the remaining lease term.

Impairment of long-lived assets

The Company periodically reviews for the impairment of long-lived assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be realizable. An impairment loss would be recognized when estimated future cash flows expected to result from the use of the asset and its eventual disposition is less than its carrying amount. At June 30, 2018 and December 31, 2017, the Company has not identified any such impairment losses.

Income taxes

Under ASC Topic 740, "Income Taxes", the Company is required to account for its income taxes through the establishment of a deferred tax asset or liability for the recognition of future deductible or taxable amounts and operating loss and tax credit carry forwards. Deferred tax expense or benefit is recognized as a result of timing differences between the recognition of assets and liabilities for book and tax purposes during the year.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Deferred tax assets are recognized for deductible temporary differences and operating losses, and tax credit carry forwards. A valuation allowance is established to reduce that deferred tax asset if it is “more likely than not” that the related tax benefits will not be realized.

Revenue recognition

The Company recognizes revenue when services are performed, collection of the relevant receivables is probable, persuasive evidence of an arrangement exists and the price is fixed or determinable.

100% of the Company’s revenue for the three and six months ended June 30, 2018, is recognized based on the Company’s satisfaction of distinct performance obligations identified in each agreement, generally at a point in time as defined by Topic 606, as amended.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606). This standard provides a single set of guidelines for revenue recognition to be used across all industries and requires additional disclosures. It is effective for annual and interim reporting periods beginning after December 15, 2017. The new standard did not have a material impact on our consolidated financial position and consolidated results of operations, as it did not change the manner or timing of recognizing revenue of our revenue transactions for the three and six months ended June 30, 2018.

Earnings Per Share

Under ASC 260, “Earnings Per Share” (“EPS”), the Company provides for the calculation of basic and diluted earnings per share. Basic EPS includes no dilution and is computed by dividing income or loss available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution of securities that could share in the earnings or losses of the entity. For the three and six months ended June 30, 2018 and 2017, basic and diluted loss per share are the same as the calculation of diluted per share amounts would result in an anti-dilutive calculation. For the three and six months ended June 30, 2018 and 2017, the following potential shares have been excluded from the calculation of diluted loss per share because their impact was anti-dilutive:

	2018	2017
Convertible Debt	37,557,004	14,278,461
Stock Options	-	50,000
Warrants	7,724,727	275,945
	<u>45,281,731</u>	<u>14,604,406</u>

Recent Accounting Pronouncements

ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606) - This standard provides a single set of guidelines for revenue recognition to be used across all industries and requires additional disclosures, which we are currently evaluating. It is effective for annual and interim reporting periods beginning after December 15, 2017. This standard permits early adoption and the use of either the retrospective or cumulative-effect transition method. The Company adopted this standard effective January 1, 2018 without a significant impact on its condensed consolidated financial statements.

There were other new accounting pronouncements issued by the FASB. Each of these pronouncements, as applicable, has been or will be adopted by the Company. Management does not believe the adoption of any of these accounting pronouncements has had or will have a material impact on the Company’s financial statements.

NOTE 3 - GOING CONCERN

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, assuming the Company will continue as a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. For the six months ended June 30, 2018 and 2017, the Company incurred losses of \$1,001,849 and \$279,147. The Company had a working capital deficit of \$2,133,905 as of June 30, 2018. These circumstances raise substantial doubt about the Company’s ability to continue as a going concern. The Company’s ability to continue as a going concern is dependent on its ability to raise the additional capital to meet short and long-term operating requirements. Management is continuing to pursue external financing alternatives to improve the Company’s working capital position however additional financing may not be available upon acceptable terms, or at all. If the Company is unable to obtain the necessary capital, the Company may have to cease operations.

NOTE 4 – PROPERTY AND EQUIPMENT, NET

Property and equipment consisted of the following as of June 30, 2018 and December 31, 2017:

	2018	2017
Furniture and equipment	\$ 271,817	\$ 271,817
Vehicles	189,012	189,012
Leasehold Improvements	66,077	66,077
Less: Accumulated Depreciation	(311,778)	(233,176)
Property and equipment, net	<u>\$ 215,128</u>	<u>\$ 293,730</u>

Depreciation expenses totaled \$78,602 for each of the six months ended June 30, 2018 and 2017.

NOTE 5 - BORROWINGS

Vehicle installment notes payable

The Company's vehicle installment notes payable consist of several installment notes for various vehicles used in the Company's operations. At June 30, 2018, the notes have annual interest rates between 3.49% and 4.07% and require monthly minimum payments of principal and interest ranging from \$370 to \$434. The Company's installment notes are collateralized by the vehicles purchased with the respective installment notes. The notes mature from November 2020 to August 2021. As of June 30, 2018, and December 31, 2017, the balance of the notes totaled \$75,218 and \$86,652, respectively.

Convertible notes payable

On August 24, 2016, the Company issued two two-year unsecured convertible notes payable totaling \$200,000 pursuant to a private placement memorandum. The notes mature on August 24, 2018 and have an annual interest rate of 12.5%. At the election of the holder, upon the occurrence of certain events, the notes can be converted into common stock of the Company at a conversion price per share equal to 50% of the average bid price for the 30 consecutive business days prior to conversion. The conversion feature is contingent upon i) the successful filing of a registration statement to become publicly traded, and ii) the company stock has become publicly quoted on the OTC Markets and iii) the conversion price is above \$0.10. In connection with the notes, the predecessor Company issued a total of 200,000 shares of Series B preferred stock, which was canceled upon the reverse merger. As of June 30, 2018 and December 31, 2017, the balance of the notes totaled \$192,850. The notes are carried at \$188,851, net of unamortized discounts of \$4,000 as of June 30, 2018.

In April 2018, the Company issued convertible notes with an aggregate principal balance of \$350,000, for net proceeds after issuance costs which were recorded as a discount against the debt to be amortized into interest expense through the maturity of the notes, of \$281,660. The notes mature in April 2019, accrue interest at an annual rate of 10% and are convertible into common stock at a conversion rate equal to the lesser of \$0.05 and 60% times the lowest trading price of the Company's common stock during the 18 trading days prior to conversion. Because the conversion feature is indexed to the Company's stock, and there is an explicit cap to the total number of shares issuable upon conversion, the Company determine that the embedded conversion option did not require bifurcation and liability presentation. The investors in the notes also received warrants to acquire an aggregate of 6,349,457 shares of common stock for an exercise price of \$0.11 per share, exercisable for 2 years. The Company estimated the fair value of the warrants using the Black Scholes model and the following assumptions: volatility – 261.8% to 268.7%; expected term – 2.0 years; dividend rate – 0.0%; risk free rate – 2.49%, and allocated \$173,355 of the proceeds to the warrants, which was recorded as a discount against the debt to be amortized into interest expense through the maturity of the notes. Based on the allocation of proceeds to the debt, the Company determined there was a beneficial conversion feature totaling \$176,645, which was recorded as a discount against the debt to be amortized into interest expense through the maturity of the notes. During the six months ended June 30, 2018, the Company amortized \$74,581 of the discounts. As of June 30, 2018, the notes are carried at \$6,241, net of unamortized discounts of \$343,749.

Convertible notes payable, related party

On October 23, 2015, a total of \$332,474 in advances from a related party was converted into two one-year unsecured convertible notes payable to Nicholas Campanella, Chief Executive Officer of the Company. The notes have an annual interest rate of 6% and are currently past due. At the election of the holder, the notes can be converted into common stock of the Company at a conversion price per share equal to 20% of the average bid price for the three consecutive business days prior to conversion. As of June 30, 2018 and December 31, 2017, the balances of the notes totaled \$332,474.

On August 24, 2016, a total of \$75,000 in advances from a related party was converted into a two-year unsecured convertible note payable to Nicholas Campanella, Chief Executive Officer of the Company, pursuant to a private placement memorandum. The note matures on August 24, 2018, has an annual interest rate of 12.5% and is due at maturity. At the election of the holder, upon the occurrence of certain events, the note can be converted into common stock of the Company at a conversion price per share equal to 50% of the average bid price for the 30 consecutive business days prior to conversion. The conversion feature is contingent upon i) the successful filing of a registration statement to become publicly traded, and ii) the company stock has become publicly quoted on the OTC Markets and iii) the conversion price is above \$0.10. In connection with this note, the Company issued 75,000 shares of Series B preferred stock, as further described in Note 6. As of June 30, 2018, and December 31, 2017, the balance of the notes was \$75,000. The notes are carried at \$73,500, net of unamortized discounts of \$1,500 as of June 30, 2018.

Project Financing Obligation

In June 2018, the Company received proceeds of \$260,000 pursuant to a partnership agreement and related partnership contribution agreements with third party investors, pursuant which investors have agreed to provide financing for no less than (10) ten new bus shelters being installed annually. Each investment in the partnership grants the investor the right to preferential distributions of profits related to the Company's contract with Rhode Island. The investors receive 100% of the profits from the Rhode Island contract to install 20 bus shelters until 100% of the initial investments are returned. Thereafter, the investors receive 20% of the remaining profits from Rhode Island contract. As of June 30, 2018, no profits have been earned on the Rhode Island contract, no repayments have occurred and the total amount of investments received totaling \$260,00 is reflected on the accompanying condensed consolidated balance sheet as a Project Financing Obligation.

Line of credit, related party

On October 23, 2015, the Company entered into a line of credit agreement with Nicholas Campanella, Chief Executive Office of the Company, for a total value of \$250,000. The line of credit does not bear an interest rate and is payable on demand. As of June 30, 2018, and December 31, 2017, the balance of the debt to related party was \$138,124.

The Company's estimated future maturities of the Company's debt, as of June 30, 2018, are as follows:

<u>Year ending December 31,</u>	<u>Amount</u>
2018 (Remainder of Year)	\$ 1,364,789
2019	23,472
2020	23,887
2021	11,486
Thereafter	0
	<u>\$ 1,423,634</u>

NOTE 6 - PREFERRED STOCK AND COMMON STOCK

Preferred stock

The Company is authorized to issue 20,000,000 shares of \$0.0001 par value preferred stock as of December 31, 2017. As of December 31, 2017, the Company has designated 12,000,000 shares of Series A Preferred Stock, 1,000,000 shares of Series B Convertible Preferred Stock, and 500,000 shares of Series C Convertible Stock.

Each share of Series A Preferred Stock is entitled to 125 votes on all matters submitted to a vote to the stockholders of the Company, and does not have conversion, dividend or distribution upon liquidation rights. As of December 31, 2017 there were 12,000,000 shares of Series A preferred stock outstanding.

In connection with the reverse merger, the Company issued 275,000 shares of Series C Preferred Stock. Holders of Series C Preferred Stock are not entitled to voting rights or preferential rights upon liquidation. Each share of Series C Preferred Stock shall pay an annual dividend in the amount of \$0.125 per year, for a total of \$0.25, over an eighteen (18) month term, from the date of issuance (the "Commencement Date"). Dividend payments shall be payable as follows: (i) dividend in the amount of \$0.0625 per share of Series C Preferred Stock at the end of each of the third quarter and fourth quarter of the first twelve (12) months of the twenty-four (24) month period after the Commencement Date; and (ii) dividend in the amount of \$0.03125 per share of Series C Preferred Stock at the end of each of the four quarters of the second twelve (12) months of the twenty-four (24) month period after the Commencement Date. The source of payment of the dividends will be derived from up to thirty-five percent (35%) of net revenues ("Net Revenues") from the Street Furniture Division of the Corporation following the seventh (7th) month after the Commencement Date. To the extent the amount derived from the Net Revenues of the Street Furniture Division is insufficient to pay dividends of Series C Preferred Stock, if a sufficient amount is available, the next quarterly payment date the funds will first pay dividends of Series C Preferred Stock past due. At the conclusion of twenty-four months after the Commencement Date, and upon the payment of all dividends due and owing on said Series C Preferred Stock, the Series C Preferred Stock shall automatically be redeemed by the Corporation and returned to the Corporation for cancellation, as unissued, non-designated, preferred shares. During the three and six months ended June 30, 2018, the Company recorded dividend expense of \$3,125 and \$6,250, respectively, of which \$18,913 is reflected as dividends payable, related party on the accompanying condensed consolidated balance sheet as of June 30, 2018.

Common stock

During the six months ended June 30, 2018, the Company sold 1,230,00 shares of common stock for cash of \$173,000.

During the six months ended June 30, 2018, the Company issued 668,324 shares of common stock for services rendered with a fair value of \$84,184, based on the trading price of the common stock on the date of grant.

Warrants

In September 2017, the Company agreed to issue a warrant to purchase 20,000 shares of common stock for an aggregate exercise price of \$10.00 as consideration for consulting services to be provided from October 2017 through March 2018. The Company estimated the fair value of the warrants, \$7,000 and recognized \$1,167 of expense during the year ended December 31, 2017 based on the portion of the contract period that had expired and the remaining \$5,833 during the three months ended March 31, 2018.

In October 2017, the Company issued warrants to acquire 100,000 shares of common stock at an exercise price of \$0.10 per share and 900,000 share of common stock at an exercise price of \$45.00 per share, exercisable over 10 years, for services to be rendered over a six month period. The Company estimated the fair value of the warrants to be \$261,282, of which \$130,641 was expensed during the year ended December 31, 2017 and \$130,641 was expensed during the six months ended June 30, 2018.

In April 2018, in connection with the issuance of convertible debt, the Company issued warrants to acquire an aggregate of 6,349,457 shares of common stock for an exercise price of \$0.11 per share, exercisable for 2 years. See Note 5.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Employment agreement

On December 20, 2014, the Company entered into a five-year employment agreement with Nicholas Campanella, Chief Executive Officer. Under the terms of the agreement, the Company is required to pay a base compensation of \$180,000 annually, subject to increases in cost of living and performance bonuses as awarded by the Board of Directors. After 5 years, the agreement is automatically renewed for an additional two years unless terminated by either party. As part of the agreement Mr. Campanella opted to defer, with no interest, the receipt of compensation under the agreement until the Company has the funds to pay its obligation. At June 30, 2018 and December 31, 2017, the Company had accrued compensation of \$526,154 and \$451,166, respectively, and recorded the related expenses in 'general and administrative' on the accompanying condensed consolidated statements of operations.

Lease agreement

During March 2017, the Company entered into a five-year lease agreement. Under the terms of the agreement, the Company is obligated to pay monthly rent payments starting at \$3,556 and escalating over the life of the lease. Rent expense for the six months ended June 30, 2018 was \$19,901. Future minimum rental payments under this agreement are as follows:

Year ending December 31,	Amount
2018 (Remainder of the year)	\$ 22,223
2019	44,648
2020	45,764
2021	46,908
Thereafter	7,850
	<u>\$ 167,393</u>

NOTE 8 - RELATED PARTY TRANSACTIONS

For purposes of these consolidated financial statements, Summit Trading Limited, Zimmerman LLC, the Campanella family, Jody Samuels, Frank Capria, and Triplet Square LLC are considered related parties due to their beneficial ownership (shareholdings or voting rights) in excess of 5%, or their affiliate status, during the three months ended June 30, 2018 and 2017. The affiliates made non-interest bearing. The balance of these advances, which are due on demand, totaled \$588,298 and \$588,517, as of June 30, 2018 and December 31, 2017, respectively. Included in accounts payable related parties as of June 30, 2018 and December 31, 2017, are expenses incurred with these affiliates totaling \$85,012.

NOTE 9- SUBSEQUENT EVENTS

No subsequent events.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The following presentation of management’s discussion and analysis of our financial condition and results of operations should be read in conjunction with our financial statements, the accompanying notes thereto and other financial information appearing elsewhere in this quarterly report on Form 10-Q. This section and other parts of this quarterly report on Form 10-Q contain forward-looking statements that involve risks and uncertainties. See “Forward-Looking Statements.”

Company History and Overview

Utilizing managements long history in general contracting, coupled with our subject matter expertise and intellectual property (“IP”) knowledge of solar panels and other leading edge technologies, Sun Pacific Holding (“the Company”) is focused on building a “Next Generation” green energy company. The Company offers competitively priced “Next Generation” solar panel and lighting products by working closely with design, engineering, integration and installation firms in order to deliver turnkey solar and other energy efficient solutions. We provide solar bus stops, solar trashcans and “street kiosks” that utilize our unique advertising offerings that provide State and local municipalities with costs efficient solutions. We provide general, electrical, and plumbing contracting services to a range of both public and commercials customers in support of our goals of expanding our green energy market reach. In conjunction with these general contracting services and as part of our effort to expand our green energy marketplace, we have recently started the process to develop and build out a Waste to Energy plant in the State of Rhode Island. A facility that has the ability to handle medical waste that we believe may provide the Company with a model that we can replicate in other jurisdictions across the United States of America.

Our green energy solutions can be customized to meet most enterprise and/or government mandated regulations and advanced system requirements. Our portfolio of products and services allow our clients to select a solution that enables them to establish a viable standard product offering that focuses on the goals of the client’s entire organization.

Currently, the Company has six (6) subsidiary holdings. Sun Pacific Power Corp which was the initial company that specialized in solar, electrical and general construction, Bella Electric, LLC that in conjunction with the Company operates our electrical contracting work. Bella Electric, LLC is a Pennsylvania limited liability company. The Company also formed Sun Pacific Security Corp., a New Jersey corporation. Currently the Company has not begun operations in the security sector, but is reviewing plans to provide residential and commercial security solutions, including installation and monitoring. The Company also formed National Mechanical Group Corp, a New Jersey corporation focused on plumbing operations in the New Jersey and Pennsylvania areas. The Company also formed Street Smart Outdoor Corp, a Wyoming corporation that acts as a holding company for the Company’s state specific operations in unique advertising through solar bus stops, solar trashcans and “street kiosks.” The Company has also formed Medrecycler, LLC as a limited liability subsidiary in the state of Nevada to act as a central holding company for waste to energy projects.

Our Services

Our objective is to grow our business and services profitably as a premier green energy-based provider of both product and services to the public and private sectors. We are working to deploy our strategy in building upon our general and other contracting expertise in conjunction with our intellectual property and subject matter expertise in green energy that will allow us to grow a group of profitable business lines in solar, waste to energy, efficient lighting, and other unique energy related areas.

We design products that use solar panels as the power source. These products have commercial applications both in the United States and in foreign countries. We have designed our products with the general idea that being environmentally proactive is what consumers are starting to demand of large industries and thus these markets we believe are starting to open and need to be filled.

Our strategic plan for the next five (5) years consists of building the solar product(s) subsidiaries and continuing with electrical contracting work as well as expanding our solar panel bus shelter program, while we also expand in our develop plans to add medical waste to energy services to our portfolio of green energy projects. In addition, as financing and market conditions allow we may begin to manufacture and market our innovative solar technology, specializing in specific niche markets.

Going Concern

The Company has an accumulated deficit of approximately \$6.0 million as of June 30, 2018. The Company's continuation as a going concern is dependent on its ability to generate sufficient cash flows from operations to meet its obligations, which it has not been able to accomplish to date, and/or obtain additional financing from its stockholders and/or other third parties.

In order to further implement its business plan and satisfy its working capital requirements, the Company will need to raise additional capital. There is no guarantee that the Company will be able to raise additional equity or debt financing at acceptable terms, if at all.

There is no assurance that the Company will ever be profitable. These consolidated financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classifications of liabilities that may result should the Company be unable to continue as a going concern.

Results of Operations

Three Months Ended June 30, 2018 compared to Three Months Ended June 30, 2017

Revenues: Revenues decreased by approximately \$77,000 from \$222,000 for the Quarter ended June 30, 2017 to \$145,000 for the Quarter ended June 30, 2018 due to the migration away from General Contracting services towards the development of Green Energy Projects including the sale of Solar powered shelters and other energy related projects that derive income from advertising sources. The Company has entered into revenue sharing agreements with the City of Tallahassee, the State of Rhode Island Transportation Authority, and the State of New Jersey, along with others to provide and manage up to approximately 1,700 Solar powered shelters and other related products for a period of up to Ten (10) years that includes providing WiFi Signal Boosters and Advertising in conjunction with the shelters and other related other outdoor related products. Depending upon the timing of installation and advertising revenue generated per shelter and or other advertising based product, the Company's Revenue may increase materially from this green energy offering. The Company has recently raised capital to build and deploy up to 20 bus shelters in Rhode Island as part of an income sharing arrangement with an investment group. The Company has also entered into an agreement with the State of Rhode Island to develop and build a Waste to Energy Facility. Depending upon the successful completion of raising the necessary capital and completing the facility timely, Revenues may also increase materially from this additional green energy offering. These items along with other revenue generating opportunities under review by the Company may cause dramatic shifts in the Company's comparative revenue profile of the products and services that the Company provides in the future.

Cost of revenues: Cost of revenues decreased by approximately \$179,000 from \$272,000 for the three months ended June 30, 2017 to \$93,000 for the three months ended June 30, 2018 due to lesser revenues generated from General Contracting services in the Company's migration to Green Energy Projects. Upon the successful launch and completion of the Company's Waste to Energy facility and the increase in the Company's bus shelters and other outdoor advertising producing assets, along with a additional other related construction services, the Company's Cost of Revenues may increase.

Operating Expenses: Operating expenses increased by approximately \$379,000 from \$115,000 for the three months ended June 30, 2017 to \$494,000 for the three months ended June 30, 2018 due materially to increases in professional fees and general and administrative fees that were associated with project development costs for the Company's Medical Waste to Energy initiative, other development projects associated with green energy development initiatives that the Company is currently exploring, along with some other insurance audit payments related to higher sales in prior periods that were reconciled and paid for during the 2nd quarter of 2018. The Company's Operating expenses may vary quarter to quarter as a result in upfront development costs for permits, engineering reviews, and other costs associated with the Company's new development projects related to its Medical Waste to Energy projects as well as other projects that it is currently reviewing.

Other (Income) Expenses: Other (Income) Expenses increased by approximately \$89,000 from \$21,000 for the three months ended June 30, 2017 to \$110,000 for the three months ended June 30, 2018 as a result of greater amounts of interest expense as a result of the issuance of convertible debt and other capital related events. Given the Company's financing requirements in developing its new business models, the Company's other (income) expenses may increase over time as the Company explores the use of additional debt financing.

Net Loss: As a result of the above, Net Loss increased approximately \$447,000 from \$186,000 for the three months ended June 30, 2017 to \$634,000 for the three months ended June 30, 2018.

Six Months Ended June 30, 2018 compared to Six Months Ended June 30, 2017

Revenues: Revenues decreased by approximately \$638,000 from \$904,000 for the six months ended June 30, 2017 to \$266,000 for the six month period ended June 30, 2018 due to the migration away from General Contracting services towards the development of Green Energy Projects including the sale of Solar powered shelters and other energy related projects that derive income from advertising sources. The Company has entered into revenue sharing agreements with several cities and manage up to approximately 1,700 Solar powered shelters and other related products for a period of up to Ten (10) years that includes providing WiFi Signal Boosters and Advertising in conjunction with the shelters and other related other outdoor related products. Depending upon the timing of installation and advertising revenue generated per shelter and or other advertising based product, the Company's Revenue may increase materially from this green energy offering. The Company has recently raised capital to build and deploy up to 20 bus shelters in Rhode Island as part of an income sharing arrangement with an investment group. The Company has also entered into an agreement with the State of Rhode Island to develop and build a Waste to Energy Facility. Depending upon the successful completion of raising the necessary capital and completing the facility timely, Revenues may also increase materially from this additional green energy offering. These items along with other revenue generating opportunities under review by the Company may cause dramatic shifts in the Company's comparative revenue profile of the products and services that the Company provides in the future.

Cost of revenues: Cost of revenues decreased by approximately \$530,000 from \$710,000 for the six months ended June 30, 2017 to \$180,000 for the six months ended June 30, 2018 due to lesser revenues generated from General Contracting services in the Company's migration to Green Energy Projects. Upon the successful launch and completion of the Company's Waste to Energy facility and the increase in the Company's Solar shelters and other improvements in the Company's advertising performance, the Company's Cost of Revenues may increase.

Operating Expenses: Operating expenses increased by approximately \$467,000 from \$422,000 for the six months ended June 30, 2017 to \$889,000 for the six months ended June 30, 2018 due materially to increases in professional fees and other general and administrative costs associated with developing the Company's various initiatives including its Medical Waste to Energy project and other revenue generating projects under review by management.

Other (Income) Expenses: Other (Income) Expenses increased by approximately \$66,000 from \$50,000 for the six months ended June 30, 2017 to \$117,000 for the six months ended June 30, 2018 as a result of greater amounts of interest expense as a result of the issuance of convertible debt and other capital related events. Given the Company's financing requirements in developing its new business models, the Company's other (income) expenses may increase over time as the Company explores the use of additional debt financing.

Net Loss: As a result of the above, Net Loss increased approximately \$723,000 from approximately \$279,000 for the six months ended June 30, 2017 to \$1,002,000 for the six months ended June 30, 2018.

Continuing Operations, Liquidity and Capital Resources

As of June 30, 2018, we had a working capital deficit of approximately \$2.1 million. We intend to seek additional financing for our working capital, in the form of equity or debt, to provide us with the necessary capital to accomplish our plan of operation. There can be no assurance that we will be successful in our efforts to raise additional capital.

During the six months ended June 30, 2018, we used approximately \$459,000 in operations driven materially from our operating loss offset by non-cash expenses. During the six months ended June 30, 2017, we used approximately \$189,000 in operations driven materially from our operating loss offset and changes in our current assets and liabilities partially offset by non-cash expenses.

During the six months ended June 30, 2018, we received approximately \$703,000 from financing proceeds driven materially from the sale of common stock, convertible debt, and offset slightly from the repayment of vehicle installment notes as compared to approximately \$99,000 in proceeds provided by financing activities for the period ending June 30, 2017, reflecting the proceeds from related parted advances offset slightly by the repayment of vehicle installment notes.

Off-Balance Sheet Arrangements

As of June 30, 2018, we did not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term “off-balance sheet arrangement” generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with us is a party, under which we have any obligation arising under a guarantee contract, derivative instrument or variable interest or a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Not required for smaller reporting companies.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, has reviewed and evaluated the effectiveness of the Company’s disclosure controls and procedures as of June 30, 2018. Based on such review and evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of June 30, 2018, the disclosure controls and procedures were not effective to ensure that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act (a) is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and (b) is accumulated and communicated to the Company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure and (c) that the Company’s disclosure controls and procedures were not effective as a result of continuing weaknesses in its internal control over financial reporting principally due to the following:

- The Company has not established adequate financial reporting monitoring activities to mitigate the risk of management override, specifically because there are few employees and only two officers with management functions and therefore there is lack of segregation of duties.
- An outside consultant assists in the preparation of the annual and quarterly financial statements and partners with the Company to ensure compliance with US GAAP and SEC disclosure requirements.
- Outside counsel assists the Company and external attorneys to review and editing of the annual and quarterly filings and to ensure compliance with SEC disclosure requirements.

At such time as the Company raises additional working capital it plans to add staff, initiate training, add additional subject matter expertise in its finance area so that it may improve its processes, policies, procedures, and documentation of its internal control processes.

Changes in Internal Control over Financial Reporting

There were no changes in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or 15d-15 of the Exchange Act that occurred during the fiscal quarter ended June 30, 2018 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

We are not a party to any material litigation, nor, to the knowledge of management, is any litigation threatened against us that may materially affect us.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

In April 2018, the Company issued 668,424 shares to parties as settlement for accounts payable through our wholly owned subsidiary, Sun Pacific Power Corp. The shares were issued at \$0.10 and the Company relied upon Section 4(a)(1) in issuing the shares.

In April 2018, the Company issued 880,000 shares of common stock of the Company to eight (8) individuals at a price of \$0.10 per share. The shares were offered pursuant to Rule 506 of Regulation D of the Securities Act of 1933, as amended.

In April 2018, the Company issued a convertible promissory note in the amount of \$175,000.00 (the "EMA Note") to EMA Financial, LLC ("EMA"). The EMA Note has a term of twelve (12) months, has an interest rate of 10% per annum and may be prepaid at a premium as follows: a) 10% if paid within thirty (30) days; b) 15% if paid within sixty (60) days; c) 20% if paid within 90 days; or d) 30% if paid within one hundred twenty (120) days. Per the terms of the EMA Note, EMA may convert any portion of principal and/or interest into shares of common stock of the Company at rate equal to the lower of either a) 60% of the lowest sale price during the eighteen (18) previous consecutive trading days or b) \$0.01 per share unless i) the price of the common stock drops below \$0.07 per share, but is above \$0.03, then \$0.03 per share; ii) the price of the common stock drops below \$0.03, then \$0.0001. As part of the transaction, EMA further purchased warrants to purchase 397,727 at a price of \$0.111 per share. The Warrants have a cashless exercise, whereby EMA may receive a number of shares equal to the quotient of the market price minus the exercise price, divided by the number of warrants exercised, divided by the exercise price. The EMA note and the warrant were issued pursuant to Rule 506 of Regulation D of the Securities Act of 1933, as amended.

In April 2018, the Company issued exactly 668,324 shares of common stock as settlement for legal expense owed by the Company's wholly owned subsidiary, Sun Pacific Power Corp. The shares were issued pursuant to Section 4(2) of the Securities Act of 1933, as amended.

In May 2018, the Company issued a convertible promissory note in the amount of \$175,000.00 (the "Auctus Note") to Auctus Fund, LLC ("AUCTUS"). The AUCTUS Note has a term of twelve (12) months, has an interest rate of 10% per annum and may be prepaid at a premium as follows: a) 10% if paid within thirty (30) days; b) 15% if paid within sixty (60) days; c) 20% if paid within 90 days; or d) 30% if paid within one hundred twenty (120) days. Per the terms of the AUCTUS Note, AUCTUS may convert any portion of principal and/or interest into shares of common stock of the Company at rate equal to the lower of either a) 60% of the lowest sale price during the eighteen (18) previous consecutive trading days or b) \$0.01 per share unless i) the price of the common stock drops below \$0.07 per share, but is above \$0.03, then \$0.03 per share; ii) the price of the common stock drops below \$0.03, then \$0.0001. As part of the transaction, AUCTUS further purchased warrants to purchase 397,727 at a price of \$0.111 per share. The Warrants have a cashless exercise, whereby AUCTUS may receive a number of shares equal to the quotient of the market price minus the exercise price, divided by the number of warrants exercised, divided by the exercise price. The AUCTUS note and the warrant were issued pursuant to Rule 506 of Regulation D of the Securities Act of 1933, as amended.

The Company received net proceeds of approximately \$350,000 intended for working capital and administrative costs.

Item 3. Defaults Upon Senior Securities

None.

Item 5. Other Information

(a) Not applicable.

(b) During the quarter ended June 30, 2018, there have not been any material changes to the procedures by which security holders may recommend nominees to the Board of Directors.

Item 6. Exhibits

CERTIFICATIONS

I, Nicholas Campanella, certify that:

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended June 30, 2018 of Sun Pacific Holding Corp.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
