PART I - FINANCIAL INFORMATION

Item 1. **Financial Statements**

The Financial Statements of the Company required to be filed with this Quarterly Report on Form 10-Q were prepared by management and commence on the following page, together with related Notes. In the opinion of management, these Financial Statements fairly present the financial condition of the Company, but should be read in conjunction with the Financial Statements of the Company for the year ended December 31, 2013 previously filed in a 10K with the Securities and Exchange Commission. In the opinion of management, all adjustments necessary for a fair presentation have been included in the accompanying interim financial statements and consist of only normal recurring adjustments. The results of operations presented in the accompanying interim financial statements for the three months ended June 30, 2014 are not necessarily indicative of the operating results that may be expected for the full year ending December 31, 2014.

Notes to Unaudited Financial Statements June 30, 2014

NOTE 1 – CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows as of June 30, 2014, and for all periods presented herein, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2013 audited financial statements. The results of operations for the period ended June 30, 2014 are not necessarily indicative of the operating results for the full year.

In the quarter ended June 30, 2014, the Company has elected to early adopt Accounting Standards Update No. 2014-10, *Development Stage Entities (Topic 915): Elimination of Certain Financial Reporting Requirements*. The adoption of this ASU allows the company to remove the inception to date information and all references to development stage.

NOTE 2 – GOING CONCERN

The Company's financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenues sufficient to cover its operating costs and allow it to continue as a going concern. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease operations. These factors raise substantial doubt about the Company's ability to continue as a going concern.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. Management's plan is to obtain such resources for the Company by obtaining capital from management and significant shareholders sufficient to meet its minimal operating expenses and seeking equity and/or debt financing. However management cannot provide any assurances that the Company will be successful in accomplishing any of its plans.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and attain profitable operations. The accompanying financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 – RELATED PARTY TRANSACTIONS

At June 30, 2014 and December 31, 2013 the Company had a related party loan payable with a balance of \$6,000. The amount is unsecured, noninterest bearing, and due on demand.

NOTE 4 – SUBSEQUENT EVENTS

On April 11, 2014, we entered into a Share Exchange Agreement and Plan of Reorganization ("Agreement") with VapAria Corporation, ("VapAria"), a private company incorporated in Minnesota on March 10, 2010 with offices at 5550 Nicollet Avenue, Minneapolis, MN 55419. At the closing of the Agreement (which is contingent upon a 80% reconfirmation vote under Rule 419), pursuant to the terms of the Exchange Agreement, 36,000,000 shares of our common stock, par value \$0.0001 per share (the "Common Stock") will be issued to VapAria, representing 100% of the issued and outstanding common shares of VapAria and 500,000 preferred shares representing 100% of the issued and outstanding shares of VapAria's Series A convertible preferred stock. Under the terms of the Exchange, the board of directors and shareholders of OICco have agreed to authorize and issue a preferred stock with the same terms, conditions and designations of the preferred stock of VapAria Corporation which VapAria's board of directors authorized and issued on December 31, 2013 in exchange for an intellectual property license agreement with an affiliate, Chong Corporation. Under the terms of the agreement VapAria shareholders will own 80% of the outstanding shares of the reorganized Company and we will change the Company's name to VapAria Corporation.

On July 31, 2014, we closed on the Share Exchange Agreement and Plan of Reorganization (the "Agreement") with VapAria Solutions, Inc., a Minnesota corporation formerly known as VapAria Corporation ("VapAria") and the shareholders of VapAria (the "VapAria Shareholders") pursuant to which we agreed to acquire 100% of the outstanding capital stock of VapAria from the VapAria Shareholders in exchange for certain shares of our capital stock. As of July 31, 2014 all conditions precedent to the closing were satisfied, including the reconfirmation by the investors of the prior purchase of 1,000,000 shares of our common stock pursuant to the requirements of Rule 419 of the Securities Act of 1933, as amended (the "Securities Act"), and the transaction closed.

As a result of the closing of this transaction, VapAria is now a wholly owned subsidiary of our company and its business and operations represent those of our company. Information regarding VapAria's business and operations, together with its financial statements, are included in the Post-Effective Amendment No. 4 to our Registration Statement on Form S-1 as filed with the Securities and Exchange Commission on June 30, 2014 (the "Post-Effective Amendment").

On July 30, 2014 we issued an aggregate of 5,000,000 shares of our common stock valued at \$100,000 to six recipients, including an affiliate of our former sole officer and director, as compensation for past and future services to us. The recipients were either accredited or sophisticated investors who had access to information concerning our company. The issuances were exempt from registration under the Securities Act in reliance on an exemption provided by Section 4(a)(2) of that act.

Item 2.

Management's Discussion and Analysis of Financial Condition and Results of Operations

The Company is in its initial stages of development with no revenues or income and is subject to all the risks inherent in the creation of a new business. Since the Company's principal activities to date have been limited to organizational activities and prospect development, it has no record of any revenue-producing operations. Consequently, there is no operating history upon which to base an assumption that the Company will be able to achieve its business plans.

Critical Accounting Policy and Estimates

Our financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. On an on-going basis, management evaluates its estimates and judgments. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Results of Operations

We have had no operating revenues since our inception on Dec. 21, 2009 through June 30, 2014, and have incurred operating expenses in the amount of \$13,873 for the same period. Our activities have been primarily financed from the proceeds of loans.

Item 3.

Quantitative and Qualitative Disclosures About Market Risk

Not Required

Item 4T.

Controls and Procedures

Evaluation of Disclosure Controls and Procedures

As of the end of the period covered by this report, the Company carried out an evaluation of the effectiveness of the Company's disclosure controls and procedures (as defined by Rule 13-15(e) under the Securities Exchange Act of 1934) under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer. Based on and as of the date of such evaluation, the aforementioned officers have concluded that the Company's disclosure controls and procedures were not effective.

The Company also maintains a system of internal accounting controls that is designed to provide assurance that assets are safeguarded and that transactions are executed in accordance with management's authorization and properly recorded. This system is continually reviewed and is augmented by written policies and procedures, the careful selection and training of qualified personnel and an internal audit program to monitor its effectiveness.

Changes in Internal Controls

There were no significant changes in the Company's internal controls or in other factors that could significantly affect these controls as of the end of the period covered by the report and up to the filing date of this Quarterly Report on Form 10-Q. There were no significant deficiencies or material weaknesses, and therefore there were no corrective actions taken. It should be noted that any system of controls, however well designed and operated, can provide only reasonable, and not absolute, assurance that the objectives of the system are met. In addition, the design of any control system is based in part upon certain assumptions about the likelihood of future events. Because of these and other inherent limitations of control systems, there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote.
